

ATTACK MAY ADD GRAVE ELEMENT

Orduna Case May Aggravate Situation Between U. S. and Germany

NEWS COMES AS SHOCK

Incident Increases Uneasiness Felt Since Receipt of the Last German Note

MAY CAUSE FIRM INSISTENCE

WASHINGTON, July 17.—Into the grave situation that has developed between the United States and Germany over the sinking of the Lusitania was thrust another issue today, when it was revealed that the British steamer Orduna carrying a score of Americans had been attacked by a German submarine.

May Add Grave Element.
Should first reports of an attempt to torpedo without warning be borne out by the official investigation about to be instituted, it was indicated in official quarters that the United States probably would regard the incident as adding a grave element to the already strained relations between the two countries. Lacking information as to the circumstances of the attack officials were unable to predict tonight to what extent the Orduna case would aggravate the situation, but they thought the question would certainly compel serious consideration by President Wilson and his cabinet in formulating the next step in the policy of the United States toward the activities of German submarines and the safety of Americans on the high seas.

Escape Does Not Relieve Case.
That the Orduna escaped unhurt, in the opinion of officials, does not relieve the case of grave possibilities. The fact that a belligerent merchantman—bound for the United States with Americans on board and without arms and ammunition or contraband cargo—was assailed while her passengers slept convinced many officials that the theory they had entertained of an actual change in the practice of German submarine commanders apparently had been dissipated.

One point on which the entire case so far as the United States is concerned may hinge is whether any attempt was made to halt the Orduna by the customary warning signals either by flag, megaphone or shots across the bow of the vessel. Irrespective of whether or not the shots fired by the Germans came without warning, the act was a violation of international law.

May Submit Statement.
It is believed likely that the British embassy will submit the statement of the Orduna's captain for the information of the American government.

In official quarters news of the attempt on the Orduna came as a shock for it had been confidently believed as a result of the informal expressions of Count von Bernstorff, the German ambassador and press despatches from Berlin concerning the care being exercised by German submarines that Americans on board passenger vessels at least, would be safe from attack. The incident increased the general uneasiness which has been felt since the last German note failed to give the assurances asked for by the United States.

May Cause Firmer Insistence.
The belief was general that when President Wilson laid the entire situation before the cabinet next Tuesday there would be insistence by many cabinet officers for a much firmer and more emphatic pronouncement of the intentions of the United States than might otherwise have been the case but for today's reports of the attack on the Orduna.

Although Secretary Lansing after an exchange of letters with President Wilson virtually has finished the draft of a note which will be discussed by the cabinet next Tuesday it was considered possible that some reference might be made to the case of the Orduna as tangible evidence of Germany's failure to refrain from attacks without warning on merchantmen carrying Americans. On the other hand officials may decide to await a report from Ambassador Gerard as to the German government's version of the affair. This may be delayed for several weeks.

That the American note to Germany probably would be written in the light of the Orduna's experience, however, was indicated by officials.

They pointed out that the suggestion of a change in the practice of German submarine commanders in attacking vessels primarily engaged in passenger trade no longer seemed tenable.

Note Will Be Brief.
No intimation has been given as yet in official quarters of what the

VILLA MASSING FORCES TO MEET CARRANZA

BATTLE AT TORREON IS EXPECTED WITHIN A FEW DAYS

State Department Advises Confirm Reports That Villa Has Abandoned Aguas Calientes and Zacatecas—Carranza Forces Garrison Cities.

Washington, July 17.—General Villa is massing his forces to meet the Carranza army under Generals Obregon and Hill at Torreon, according to information received tonight at the Villa agency here. The battle is expected to take place within a few days.

Confirm Previous Reports.
State department advisers today confirmed previous reports that Villa had abandoned Aguas Calientes and Zacatecas, the latter a strong natural strategic point, and was withdrawing his forces northward.

Carranza forces have garrisoned Aguas Calientes and Zacatecas and are preparing to press on toward Torreon, where Villa is now in conference with Generals Raoul Madero, Jose Maria Jurado and Manuel Saavedra, planning to meet the attack and also for a campaign in Coahuila and Nuevo Leon.

Villa's northern movement is somewhat mystifying to officials here. The general opinion is that Carranza's forces are rapidly driving Villa into the northeast corner of the republic. Villa's agents, however, insist that the retreat is a strategic move.

Angeles Leaves for Sonora.
General Felipe Angeles, Villa's chief lieutenant, who has been in Washington studying the attitude of this government toward Mexico, left today for Sonora on a mission for Villa to General Maytorena. It is understood he will discuss a military scheme with Maytorena, the nature of which cannot be divulged. Angeles plans to rejoin Villa in about two weeks.

Coercing reports of a battle at Aguas Calientes, in which Maytorena's troops were said to have been defeated, the Villa agency issued a statement which said that General Trujillo, with 400 men, was attacked by 1,000 Carranzistas. After defending his position for four hours, he succeeded in breaking through the enemy's lines, carrying with him all his equipment and losing only slightly.

PROF. ALFRED E. DAY PRESENTS CEDAR OF LEBANON TO COLLEGE

Alumnus of Old Illinois Sends Tree a Long Way to Be Planted on Campus—Gives Some Words to War.

Illinois College has received a cedar of Lebanon from Prof. Alfred E. Day of the class of 1888 of Beirut, Syria, where he is president of the Protestant college of that place. The tree was shipped the first of last May and came over in the United States supply ship, the Vulcan, via the department of agriculture in Washington. The tree is about six years old and is one foot in height. It is perhaps the only one of its variety in Jacksonville. It will be planted in a suitable place on the Illinois college campus.

Prof. Day in writing to President Rammelkamp says that the war has made some serious conditions in Beirut. He says, "We have three British professors in our school of medicine and we have had hard work to keep them from being deported to the interior. They were in fact sent to Damascus once but we got them back again after a few days. James Pascha, who was in command of the Suez expedition and who is a native of Syria, held a review in Beirut the day our professors were sent to Damascus. A good many of our Ottoman students and teachers have gone to enter the army most of them in medicine service. A serious matter with us is the supply of flour being low.

Any authentic war news is about a month behind time. The daily papers print reports most of which we cannot credit. For instance they do not acknowledge any serious losses at the Dardanelles but a message from the empire leads us to believe that a good deal is going on there.

Prof. Day was in Jacksonville in 1913, coming all the way to attend the 25th anniversary of his class of Illinois college.

PICTURE MAKERS MEET.

Indianapolis, Ind., July 17.—Plans have been completed for an unusually interesting convention of the National Association of Professional Photographers which will open here on Monday. Will H. Towles of Washington, president of the association, will open the big meeting Monday morning. Many of the leading picture makers of the United States and Canada will attend, and discussions of interest to their art will be held each day during the week.

Next American note would contain but it was admitted among those in the authority that the communication doubtless would contain some hint of the purposes and intentions of the United States in case there was a further violation of its rights. The note will be brief and according to well informed opinion will be in the nature of a warning that subsequent violations of the principles contended for by the United States will be viewed as hostile acts making difficult the continuance of diplomatic relations.

War News Summarized

The British steamer Orduna, only recently put into commission by the Cunard line, has brought into port the story of an attack by a German submarine while bound from Liverpool for New York with 227 passengers, including 22 Americans. The captain of the Orduna, in his official report on the attack, says: "Not the least warning was given and nearly all the passengers were asleep at the time."

A torpedo missed the liner by only ten feet and seven shells were fired at her during a half hour's chase.

The report of the Orduna's captain is confirmed by many of the passengers and a protest will be made to the United States government by at least one American citizen who was among those whose lives were endangered.

William O. Thompson of Chicago, counsel to the federal industrial relations commission, has announced that his protest to Washington will be a vigorous one. He, too, declares that the Orduna was "attacked without warning, pursued and subjected to shell fire."

The attack on the Orduna has aroused intense interest at Washington, where the opinion is expressed by officials that this incident must receive serious consideration in connection with the next step which the American government will take in regard to Germany's submarine warfare.

The British minister of munitions, David Lloyd-George, in reviewing 50,000 English women who wish to enlist in the service of the country, said that the government proposed to utilize the services of everyone who was prepared to assist in bringing the war to a victorious conclusion. This great gathering of women was under the leadership of Mrs. Emmeline Pankhurst, head of the militant suffragettes. High tribute is paid by Sir Thomas Lipton to the American doctors and nurses, under whose ministrations the deadly scourge of typhus has been brought under control in Serbia.

Continuation of the heavy fighting of the past few days along the battle front in France is indicated in the latest official reports.

Paris records the repulse of two German attacks in the Argonne. It also tells of the breaking up by artillery fire of an attempt by the Germans to recapture trenches at Ban de Sapt, in the Vosges, which they recently lost, and the breaking up of an assault in the forest of Parroy, in Lorraine.

It is in the east, however, that operations of the widest magnitude and importance are developing. The German move through Courmard is believed by military observers to be directed at Riga, on the Baltic, and seems to be gathering force. The armies which Field Marshal Von Hindenberg is thought to be commanding also are exerting such pressure southward from the east Prussian frontier that the Russians admittedly are drawing back their lines along the Narva. In the Przasnysz region, Petrograd claims the Russian troops are doing better than holding their own.

Both the Austrians and the Germans are again active on the fronts in southern Poland, near the Russian border in Galicia. The simultaneous advance of all the Teutonic armies being held to indicate the beginning of an attempt to encircle the Russian forces.

Reports from the Austro-Italian front indicate continuation of the difficult fighting in mountainous territory, with no material advance claimed by either side.

ENGLISH WOMEN IN PATRIOTIC PARADE

London, July 17.—The first big parade of women since the war broke out will march through the streets of the city today to celebrate the recognition by David Lloyd-George of the Pankhurst organization. The commissioner of munitions has agreed to consider the offer of the Women's Social and Political Union to furnish women to work as shell-makers in the munition plants. Mrs. Emmeline Pankhurst, though bitterly criticised by some of her suffragist followers for her stand in throwing the suffrage movement into sympathy with the war, has won large support from the patriotic women of the land and the parade will be the expression of English women of their desire to do their share in the present emergency.

PURITY CONGRESS AT FRISCO.

San Francisco, July 17.—The ninth annual Purity Congress, which opens here tomorrow will bring together the leading purity workers of all sections of America. Anthony Comstock, ex-Governor Bill Sulzer of New York, Mrs. Kate Waller Barrett, A. Bruce Bielski of the Department of Justice, Dr. French E. Oliver and B. S. Steadwell of Wisconsin, president of the Congress, are on the program for speeches. An entire week will be devoted to the Congress, which will take up all phases of the work of protecting the morals of America.

LINER IS ATTACKED WITHOUT WARNING

Torpedo Churns Water Bare Ten Feet Behind the Orduna's Rudder

SHELL FLEEING STEAMER

Submarine Rises to Surface, Mans A Gun on Her Deck and Fires 7 Shots Without Effect

CHICAGOAN TO FILE PROTEST

NEW YORK, July 17.—The Cunard liner Orduna, bound from Liverpool to New York with 277 passengers, including twenty-two Americans on the morning of July 9th, was attacked without warning by a German submarine. It was learned on her arrival here today.

Escapes by Half Second.

Twenty miles from the grave of the Lusitania off Old Head of Kinsale, the Orduna escaped the Lusitania's fate by one half a second of time. The German torpedo churned the water a bare ten feet behind the liner's rudder. Then the Orduna sped away.

She was followed by the submarine which rose to the surface, manned a gun on her deck and shelled the fleeing steamer.

Passengers Put on Life Belts.

The attack was timed at ten minutes to six o'clock in the morning when all but a few of her passengers lay sleeping in their berths. Aroused by stewards the passengers dressed hurriedly and went to the upper deck where they put on life belts and took their places at the boats. They heard the scream of the shells and saw the ocean spit up clouds of water where the shells struck. When the fire grew hot, they were ordered for their own protection to the next deck below. For half an hour the Orduna showed her heels to the assailant. Through marine glasses the passengers watched the dark spot on the water surface astern. They saw the low lying German undersea terror coming on with a bone in her teeth, but the Orduna's flight was faster than the pursuit and after seven shots had been fired, without effect the submarine gave up the chase.

Send Call for Help.

A wireless call for help was sent out by the Orduna when the torpedo was seen. She was then 37 miles south of Queenstown. The reply, Captain Taylor says in his official report was that help would be given within an hour. It was four hours before the first British vessel, the small armored yacht Jeannette appeared.

Protest will be made to the American government by at least one citizen of the United States and possibly others who were aboard. William O. Thompson of Chicago, counsel for the federal industrial relations commission, who went abroad on his official capacity last March and was returning to complete his mission by making a report, is the passenger who said today that he would make vigorous protest to the American government.

Thompson to File Protest.

"It probably will be several days before I shall make my report of the attack and my protest," Mr. Thompson said. "I consider myself in duty bound to do so. As an American citizen employed in an official capacity by the government to go abroad, I feel that I should bring the government's attention to the attack."

"I felt that I had a right to return home on the Orduna although she flies the British flag because she is a passenger ship. The fact that she had no munitions of war aboard fortified this opinion. The Orduna an unarmed passenger ship carrying no munitions was deliberately attacked without warning, pursued and subjected to shell fire. It is little short of marvelous that she was not sent to the bottom with an on board."

"In making my protest to Washington, I shall proceed along these lines, combining with the protest a report of the attack as I saw it."

Whether the submarine hid behind an American ship—the bark Normandy from Gulfport, Miss.—was a point upon which passengers held varying opinions. A small sailing ship with two American flags painted on her side was sighted ahead shortly before the attack. Captain Turner, suspicious of the craft, changed his course. Soon thereafter the torpedo was sighted.

Identity of Ship Uncertain.

There was no certainty as to the identity of this ship that displayed the two painted American flags but one of the passengers thought that he made out her name to be "Normandy" through his glasses. There is no such vessel listed. The American bark Normandy was known

WILSON PREPARES TO DEPART FOR CAPITAL

HAS HIS VIEWS ON GERMAN SITUATION IN TENTATIVE SHAPE

Indications Are That President Does Not Expect to Delay Long in Notifying Germany of the Position of the United States.

Cornish, N. H., July 17.—His views on the German situation in tentative shape, President Wilson tonight began making preparations for his departure for Washington in order to take up with Secretary Lansing and other members of his cabinet the next step in the American policy toward submarine warfare.

Only Details Remain.

There were indications here that the president does not expect to delay long in notifying Germany of the position of the United States. Members of his cabinet are understood to be unanimously back of him in his determination to assert the rights of Americans to the "freedom of the seas" and therefore only the details of the next step remain to be finally determined upon.

The German situation will be gone over in a general way at Tuesday's cabinet meeting and a final decision is expected to be reached at the next cabinet meeting on Friday. Between the two meetings the president will be in frequent communication with Secretary Lansing.

To Select Lansing's Successor.

The president will leave here prepared to take up a number of important questions soon after reaching Washington. He will select a successor to Mr. Lansing as counselor of the state department, go fully into the Mexico problem, and take up with Mr. Lansing the projected protest against interference by Great Britain with the commerce between the United States and other neutral nations.

During his three weeks visit here in the Cornish hills, Mr. Wilson's health has improved, and he has gained several pounds in weight. Members of his family will remain here after his departure and he will return later, if possible.

PALMIST MUST READ OWN FATE

Chicago, July 17.—Justice Boyer of Evanston wants Mr. Bertha Heers to read his palm and tell him, if she can see it in the lines of his hand, just what decision he will render in her case. Madame Heers is to show up in court today, and if she fails to make good her claim reading fates, there will be one less fortune teller in Evanston. The arrest of the palm reader was the work of a woman police officer.

FLOOD CONDITIONS IMPROVED.

Columbus, O., July 17.—The passage of last night without any considerable rainfall resulted in improved conditions early today throughout the Ohio flood district. While many thousands of acres of land remained under water, practically all rivers were stationary or falling and with clear weather generally it was believed that the worst had passed.

DR. DELAFIELD DIES.

Stamford, Conn., July 17.—Dr. Francis Delafield of New York, a distinguished physician and surgeon, an author of many standard medical works and consulting physician at the illness of President McKinley following the latter's assassination, died today at the home of his sister, Miss Emma H. Delafield in Noroton.

FORWARD RECOMMENDATION

Chicago, July 17.—Recommendations of the Chicago arch diocese for a successor to the late James Edward Quigley, archbishop of Chicago, today went forward to Archbishop John Bonzano, apostolic delegate to the United States at Washington. Monsignor Bonzano will in turn, forward the list of recommendations to the Vatican.

ISLANDERS THREATENED WITH STARVATION.

Washington, July 17.—The island of Rota in the Landrona archipelago, near Guam, devastated by hurricane, now has a drought and its people are threatened with starvation. The Red Cross today cabled Manila to ship \$500 worth of food supplies by the first steamer.

to be in the vicinity at the time. When she reached Liverpool July 12th, some of her crew said that a submarine had used her as a shield from which to maneuver against and torpedo the Russian steamer Leo—a story that the Normandy's captain denied.

The Leo was torpedoed twenty miles, approximately, from the place where the Orduna was attacked. The Normandy's crew said the submarine had held them up on the evening of July 9th. The Orduna was attacked the same day, but in the morning. The Cunard line made public late today Captain Taylor's official report in which he stated that he received not the least warning of the attack and that "it was almost another case of brutal murder."

This report asserted that the Orduna was attacked under ideal conditions for submarines—a clear day, a gentle wind and a light ripple, while most of the passengers slept.

GERMANS RENEW ACTIVITY IN LORRAINE

FRENCH STATE ATTACKS IN PORROY FOREST ARE REPULSED

Teutonic Offensive in the East Is Being Heavily Pressed—Russians Are Retiring in Several Sections—No Decisive Action Has Been Fought.

London, July 17.—The Germans have been showing renewed activity in Lorraine and early this morning they attacked the French trenches in the forest of Parroy, where, according to the French official report—the only official communication received up to a late hour tonight—they were repulsed.

The French war office says also that the Germans suffered a defeat in the Vosges. On the rest of the western front the two armies have engaged in violent artillery action. These operations are of minor importance. Of the major battles in the east which have for their object Riga and Warsaw, not a word has come through from either side tonight. From earlier reports it is gathered that the German offensive, which now reaches as far north as the district of Riga, is being heavily pressed and that, although in several sections the Russians are retreating, no decisive action has been fought so far. In addition to the advance on the Riga, there is still fighting on the Narva front in northern Poland and advance guards have been engaged between the Vpre and Bug rivers. In southern Poland, Field Marshals Von Hindenberg and Von Mackensen are clearly acting in co-operation with the movement against Warsaw, one advancing from the north and west and the other from the southeast.

It probably will be several days before the armies get into full swing.

YACHTSMEN OF GREAT LAKES OPEN REGATTA.

Put-In-Bay, O., July 17.—From all points on the Lakes, yachtsmen are headed for the annual inter-lake regatta, which will open on Monday. Many long-distance races will finish here tomorrow, a group of contenders crossing the line from their cruise which began at Detroit. The Cleveland yachtsmen completing their spirited race for the Winston cup, and the power-boat races from Cleveland and Toledo ending here during the day. A long programme of races and jollifications has been arranged which will keep the yachtsmen busy until Friday night, when the homeward cruises will begin.

FILE AMENDED BILL.

Galesburg, Ill., July 17.—An amended bill filed today in the Warren county circuit court in the Rock Island Southern receivership litigation, charges Walsh Brothers, the majority stockholders, with wrongfully holding \$197,000 worth of stock belonging to the minority stock holders. A previous charge now under advisement by the court, declared that the Walshes wrongfully held \$156,000 worth of bonds.

RESUME NORMAL SERVICE.

Providence, R. I., July 17.—Normal service was restored today on the trolley lines of the Rhode Island company throughout the state, after two days of almost entire suspension because of the strike of 2,400 union employees. Mayor Gains will be chairman of a board of three arbitrators to whom will be referred wage and working conditions.

BEGIN CLEARING RUINS.

Valdez, Alaska, July 17.—Clearing up the ruins of Valdez, the principal part of which was destroyed by fire Thursday, has begun. Active building will start on arrival of lumber, which has been ordered by cable.

MASSACHUSETTS DAY AT THE FAIR.

San Francisco, July 17.—Governor David I. Walsh and a large party from the old Bay State will conduct the exercises tomorrow in connection with "Massachusetts Day" at the exposition.

FLOOD DANGER AVERTED.

Kansas City, July 17.—Weather bureau reports tonight indicate that danger from flood waters from the Kansas and Missouri rivers has been averted.

WEATHER FORECAST AND TEMPERATURES.

ILLINOIS: Increasing cloudiness Sunday with probably showers by night or on Monday, cooler Monday and in north portion Sunday.

Temperatures.

The current, maximum and minimum temperatures recorded Saturday were:

Jacksonville	80	89	69
Boston	87	88	70
Buffalo	74	78	66
New York	76	90	70
New Orleans	88	98	73

Helena	58	62	48
San Francisco	68	78	58
Winnipeg	58	63	48

FELLOW PRISONER ATTACKS FRANK

Assailant Uses A Butcher Knife and Cuts Frank's Throat

RECOVERY IS DOUBTFUL

Assault is Made in Dormitory While Convict is Asleep—Jugular Vein Partially Severed

GREEN IS PUT IN IRONS

MILLEDGEVILLE, Ga., July 17.—Leo M. Frank, serving a life imprisonment sentence for the murder of Mary Phagan an Atlanta factory girl was attacked tonight while asleep and his throat cut by William Green, a fellow prisoner at the state prison farm here. His condition is serious but there is chance for recovery.

Frank's throat was slashed for several inches and the jugular vein partially severed.

Some animosity has been shown toward Frank by his fellow prisoners since his arrival at the farm, but prison officials said nothing had indicated danger of an attack on him.

Green was placed in solitary confinement. He is serving a life term for murder. In a statement to the prison officials he said he was sorry that he had made the attack, but that at the time he thought he was doing the right thing.

Attack is Made in Dormitory.

The attack was made in the dormitory. All lights were out at the time. Green is alleged to have had the knife secreted in his clothing. So sudden was the attack that no guard had time to interfere. Frank fell to the floor, his cries calling the attention of guards who switched on the lights. Blood was spurting from Frank's wounds and the other prisoner was trying to make his way back to bed. A knife made from a file and which the convicts had used in killing hogs during the day was found on the dormitory floor.

Dr. George B. Crompton, the prison surgeon, was immediately called, but before he could reach the dormitory, two surgeons who are serving terms in prison were at Frank's side, administering first aid. "I guess they've got me," Frank is quoted as having said to the doctors when they reached him. He did not lose consciousness.

Removed to Operating Room.

He was removed to the operating room in the hospital where the wound was dressed. The physicians had not succeeded in stopping the flow of blood at last reports. Prison officials said Frank had a chance to recover, but that his condition was very serious.

Frank was brought to the state prison farm June 21st, after a midnight trip from the Fulton county jail in Atlanta. A few hours after his arrival here, it was officially announced that the then Governor Slaton had commuted his sentence to life imprisonment.

Less than a week ago the state militia companies here and at Macon were ordered held in their armories, a report having reached the state officials that an attempt would be made to lynch Frank.

Green Makes Statement.

Walter Frank was on the operating table when Warden Smith took Green's statement. "I'm awfully sorry that I did this," he is reported to have said. "At the moment I thought that I was doing what was right. I thought that I was doing something that ought to be done."

"I am sorry because of the criticism that it may bring on the officials of the state farm, especially of Warden Smith. I wouldn't do a thing in the world to injure him in his position. He had confidence in me, and I have violated that confidence. I am ready to suffer the consequences."

Green said that Frank was asleep when he was attacked. There was only one knife wound.

After Green made his statement he was put in irons and placed in solitary confinement.

After Frank's wound had been dressed, he turned to physicians and asked:

"Am I going to die?"
"We don't know," said Dr. George B. Crompton, prison surgeon. "You are in a serious condition and will have to be quiet."

"If I am going to die," replied Frank, "I am not afraid. Nothing stands between me and God. I hope that the man who attacked me will be forgiven."

Mrs. Frank was a guest at the home of Superintendent Smith on the prison farm. She swooned when she learned of the attack.

MATRIMONIAL

Koch-Rainey.

Henry W. Koch and Miss Velda P. Rainey, both of Springfield, were married by Judge William E. Thomson Saturday afternoon at his office in the court house. Mr. Koch is a machinist employed in Springfield, and he and his bride will make that city their home.

Angelo-Butcher.

Frank Angelo of this city and Miss Ina Butcher of Virginia were united in marriage Saturday afternoon at 2:30 o'clock. The ceremony was said by Justice Dyer at his office on West State street. The groom is teamster by occupation. The bride is the daughter of John Butcher of Virginia. They will make their home in this city.

Garland & Co. are showing the big assortment of traveling luggage.

RETURNS TO HER HOME.

Miss Merle Early will leave for her home in Palmyra, Mo., tomorrow after a visit at the home of Mr. and Mrs. J. L. Snyder at 409 East North street. She will be accompanied home by Misses Helen Snyder and Ruth Smith, who will visit there for two weeks.

Judge Thompson has had legal experience covering a period of thirty-six years, twenty-eight of which were on the judicial bench. If the president's choice is a down state man for the federal court of appeals, Judge Thompson is seemingly to be the man, and he is qualified for the important post.

Automobile drivers come in for a good deal of criticism, some of it deserved and some undeserved. The Chicago Post says that the Long Island railway has been compelled to remove the usual highly built crossing gates and substitute barriers made of heavy timber as big as telegraph poles. This action has been taken because between July 3 and July 7 there were no less than six cases in which drivers forced their machines through the lighter gates and across the tracks in front of approaching trains. The trouble is that persons so indifferent to their own safety are even more indifferent to the safety of others.

It will indeed seem like the irony of fate if Leo Frank dies now in a Georgia prison as the result of an attack by a fellow prisoner, after the nation-wide effort made to save him from death. The story thus far received of the attempt on Frank's life does not indicate that it was the result of a plot to kill him, but simply an attack made by a degenerate prisoner.

There have been stories of an attempt to take Frank from prison and lynch him, and now this personal attack will tend to give him even more public sympathy than he has had in the past.

The latest figures given on the cost of the Great War is a total expenditure of \$2,000,000 an hour. Thus the cost has gone beyond the comprehension of any but the billionaire class and the \$2,000,000 a minute estimate would seem no more than that already quoted. But even the ordinary man cannot but wonder where all this money is coming from and how many years it will take to pay the war debt. The per capita wealth in the United States is \$1965 and in Europe before the war it ranged from \$1700 downward and now with this vast accumulation of debt what are the figures?

Central American Cattle Inferior. Recently a consignment of cattle from Honduras was sold at the National stock yards at \$6.80, about \$2 a hundred less than the market price of native cattle. There has been a great deal of comment about the receipt of these cattle, and the fear had been generally expressed among feeders that cattle from Central American countries might be a factor in lowering the prices for live stock raised in the United States. They say, however, that there are not enough surplus cattle in Central America to make much difference in the receipts for a year, and the great hazard of shipment is such that the industry is not likely to be much increased.

But the most important fact is that these cattle from the south are of inferior quality to the good ones raised in the United States, and on the market are not at all in the same class. Dressed beef from South America has at times cut some figure with meat prices, but the effect does not seem to be the same with the live stock from Central America.

Foretelling Rain.

Some of the signs by which weather-wise persons foretell rain, are very simple and yet accurate. Every country boy is familiar with the saying: "Curdle sky, never 24 hours dry." This is when the clouds are broken up like the curds in the cheese vat, in to small forms all about the same size. Another sure sign is fixed in the old maxim: "The farther the sight, the nearer the rain." When objects far away can be seen clearly, and appear nearer than usual, or distinct sounds are heard plainly, then rain may be expected soon. As to the rings around the moon and sun, a writer in Woman's Home Companion, says they are caused by a thin cloud, made up of minute particles of ice, and in 86 cases out of 100 rain will follow within three days. The fleecy, white clouds, floating across the sky, are good indicators of dry or wet weather. If they gradually lessen in size and die away, they indicate fair days, but if they increase in size rain may be expected. When the deep blue of the sky fades into a whitish color and spirits droop, and shadows fray at the edges, rain is being manufactured overhead, to fall in some near by locality. The color of the sky, then, is a fairly trustworthy sign in and of itself, and so is the color of the clouds. Intensely white clouds against an intensely blue sky mean bright weather ahead. Grayish clouds on a lightish blue foretell rain. All these signs are based on sound scientific

causes, and are vouched for by expert meteorologists. Close observations of clouds and atmosphere, will permit anyone to accurately foretell the weather in nine cases out of ten.

Schwab Rivals the Krupp's.

A capacity of fifteen carloads of projectiles and cannon has been reached by the Bethlehem Steel Company, under the guidance of Charles M. Schwab. This is the daily output of the 15,000 men employed at the Bethlehem works. Night and day the busy hum goes on unceasingly, and Schwab within the space of six or eight months has established a record that rivals the famous Krupp's of Germany. From a common steel mill, the works have been transformed into a bustling arsenal. New buildings have shot up from ground like mushrooms and the busy hammers resound before the roofs are completed.

Since June 1 some 500 carloads have been sent westward to Vancouver for shipment to Russia. There are 15 Russian officers constantly inspecting the material. Another 15 French military officers are watching the making of munitions for France, and ten English officers are inspecting munitions under the contracts with that country.

Sightseers are halted a half mile away from the shipping yards. A tall board fence topped by several strands of barbed wire, forms a barrier around the works. Uniformed guards are at the gates, and strict measures are being taken against spy work and maniaes. A squad of a hundred detectives is maintained by the company. They are sprinkled over the plant, the majority of them in the buildings, where the shells are made. So strict are the measures taken, that workmen in the most important shops get in only by password and identification.

Mr. Schwab personally declines to have a guard, and declares he is minding his own business. It is common gossip that cranks have tried to get into the plant, and that each mail brings scores of threats against the big arsenal.

WINCHESTER

Warren, son of T. D. Smith entertained a few friends Saturday in honor of his birthday.

Mrs. Edward Sherwin of Glasgow, who was injured in an automobile accident is doing well.

The infant son of Bastille Northcutt, living west of Winchester died Friday.

Enmet Miner of Detroit, Mich., is visiting at the home of his father, Dr. James Miner.

Miss Lucile North has returned from a visit in White Hall.

Miss Berta Munze, a trained nurse of Springfield is visiting at the home of her parents, Mr. and Mrs. Chris Munze.

A. P. Grout who was seriously injured in a runaway was getting along well yesterday. His son Joseph of Quincy arrived yesterday being met in Jacksonville where he was brought overland via auto.

TO ATTEND CONVENTION.

Mr. and Mrs. Robert Reid will leave tomorrow to attend the National Photographers' convention in Indianapolis. Mr. Reid sent his two pictures to the exhibit last week.

NOTICE WOODMEN.

All members of Camp 912 M. W. A. are requested to meet at the hall Monday morning at 8 o'clock to attend the funeral of Neighbor George Wolke. Visiting brothers invited.

J. Earl Vasconcellos, Clerk.
Vincent Vieira, Counsel.

FUNERAL NOTICE.

The remains of Mrs. Dora E. I. Haskins arrived in the city yesterday at 11:30 over the Alton from Santa Anna, California. They were taken to the undertaking parlors of J. G. Reynolds and later removed to the home of Mr. and Mrs. Len G. Magill, 850 South Clay avenue, where funeral services will be held at 10 o'clock this morning in charge of Rev. David Heagle. Burial will be made in Diamond Grove cemetery.

LARGE CLOVER.

W. C. Bradish has left at the Journal office a bunch of red clover stalks 5 feet 3 inches long. He says they are a fair sample of a field of clover on the farm of George W. Moore in the vicinity of Arnold. It is first crop and has good seed. It is indeed remarkable.

GOOD YIELD OF WHEAT.

Henry Rees finished threshing forty five acres of wheat yesterday on his farm near Woodson. It made better than 1590 bushels, averaging over thirty-five bushels to the acre. It weighed out 62 pounds.

POISONED BY STAGNANT WATER.

Walter Sullivan of 429 East North street, is kept at home from his work in the McCarthy-Gebert cigar factory because of poison contracted while swimming in a stagnant pool of water.

NOTICE WOODMEN.

All members of Camp 912 M. W. A. are requested to meet at the hall Monday morning at 8 o'clock to attend the funeral of Neighbor George Wolke. Visiting brothers invited.

J. Earl Vasconcellos, Clerk.
Vincent Vieira, Counsel.

EDITOR VISITING SISTER.

Mrs. B. F. Wooster of East State street is enjoying a visit from her brother, J. L. Staker, of Clayton, Ill. He is her legal advisor and is the editor of the Clayton Enterprise.

FUNERALS

Samuels.

The funeral of Mrs. Elizabeth Samuels was conducted from the Bethel A. M. E. church Saturday afternoon at 2:30 o'clock, in charge of Elder Shaw. Members of Hicklin tabernacle also took part in the services. Music was furnished by the church choir and the flowers were cared for by Mrs. Lucinda Wright, Mrs. Kate Byers and Mrs. Henrietta O'Leary.

Burial was made in the Jacksonville cemetery and the bearers were George Clark, Charles Hogan, Waff Williams, A. J. Jones, Martin Pierson and James Matthews.

Whalen.

The funeral of James Whalen was held from the Church of Our Savior Saturday morning at 8:30 o'clock in charge of Rev. J. W. Crowe. Burial was made in Calvary cemetery and the bearers were P. J. Woulfe, Jerry Clancey, John Newell, S. A. Ashby, J. W. Eaton and D. E. Sweeney.

WITH THE SICK.

Mrs. Hattie Imhoff who has been a patient at Our Savior's hospital, has recovered and returned to her home on Jordan street.

J. A. Obermeyer was reported somewhat improved yesterday.

S. W. Hylton, formerly of this city, has undergone a successful operation for appendicitis at the Whitson (N. D.) hospital. Although the attack was acute, he is recovering rapidly and will soon be able to go to his home at Bonetral, N. D.

Mrs. Florence Schumaker, who underwent an operation for appendicitis at Our Savior's hospital July 5 and whose condition has been considered very serious, is reported some better.

Mrs. Elizabeth Hopper, who was injured by a fall Friday and was taken to Passavant hospital was resting well yesterday.

Miss Alice McCullough was slightly better yesterday. She underwent an operation at Passavant hospital. Gilbert Snyder, who had his foot mashed by a coal wagon is doing well.

Garland & Co. are showing the big assortment of traveling luggage.

WELL 14 FEET DEEP
HAD NEVER BEEN DRY

Four miles north of Alexander, at the farm of Andrew Harris, known as the Osborne farm, there is a well that is 14 feet deep and eight feet in diameter, that was dug in 1865 and has never been dry. It furnishes water for the stock, on a 200 acre farm, besides it is piped into the barn, the residence and at various places on the farm. The water is forced through pipes by a gasoline engine. The well was dug by D. W. Osborne, Sr., who at that time owned the farm and resided thereon.

Keep cool at Knollenberg's.

MR. IRONMONGER HERE.

Frank J. Ironmonger, who accompanied the remains of his mother, Mrs. Dora E. I. Haskins to Jacksonville, for burial, is a former resident here. He left seventeen years ago and this is the first time he has been here for eleven years. He is advertising manager for the California Cultivator, a weekly farm paper of Hollywood, California.

MRS. WILLIAM ROEGGE PASSES
AWAY EARLY THIS MORNING

Wife of County Commissioner Answers Final Summons at 2:45 O'clock This (Sunday) Morning.

Mrs. William Roegge, who underwent an operation at a local hospital died this (Sunday) morning at 2:45 o'clock. She was the wife of County Commissioner Roegge and the family residence is 4 miles east of Arenzville. Besides her husband she leaves several children.

A suitable obituary will appear in Tuesday's Journal.

PICTURE EXHIBITORS

END MEETING

San Francisco, July 17.—The National Motion Picture Exhibitors association concluded their sessions here last night with the election of officers and a ball. Fred J. Harrington, Pittsburgh, was elected president.

BURY DR. J. A. HOLMES.

Washington, July 17.—Dr. J. A. Holmes, late director of the bureau of mines, was buried here today. All over the country the mining industry, by suspending operations and closing mills, joined in a final tribute to the father of the mine safety movement.

FAMOUS HORSE BREEDER DIES.

New York, July 17.—Jacob E. Haring, famous forty years ago as the breeder and owner of celebrated horses, died yesterday in his home at Scotland Hill, Nanuet, N. Y. He was 78 years old.

Armand's Perfect Complexion Powder

THE SUPREME ACHIEVEMENT OF THE PERFUMER'S ART.

This powder is so exceedingly smooth and velvety and its adherent properties so persistent, that we believe it to be the only truly invisible powder and the powder that really stays on. Armand's Powder is luxurious, its texture soft and creamy, its perfume delicate, alluring, exquisite.

Armand's Powder is not expensive, and compares with the highest grade imported makes. Persons of refinement have pronounced this the most delectable of all complexion powders. At our store for 50c the Box.

Red Cross Complexion Powder.

The pure rice powder, is our largest selling face powder. At the price we ask for this delicate powder we are not surprised at the large number sold.

All tints in 25c sizes.

Lana Rose and Lana Violet Talcum Powder, 10c, or 3 for 25c.

SOCIAL EVENTS

"Uncle" John Rees
Has Birthday.

"Uncle" John Rees, who resides
two miles northeast of Franklin
celebrated his 83d birthday Sat-
urday. It is customary to celebrate
the event each year and a number
of friends gathered in honor of the
occasion. The celebration was held
in the Abe Seymour grove and in
honor of the event a large flag was
raised. At the noon hour a sumptu-
ous dinner was served. A feature of
the dinner was a birthday cake con-
taining Mr. Rees' initials and 83
candles. It was made by his ne-
phew's wife, Mrs. Lloyd Cox. Mr.
Rees spent last winter in California.
He and his wife enjoy good health.
None of the children were able to
be at home on account of living so
far away. He has two sisters living,
Mrs. Emeline Cox and Mrs. Bert
Seymour.

U. C. T. Members
Enjoy God Time.

The members of the U. C. T. and
their wives enjoyed a pleasant eve-

ning at their rooms on East State
street Saturday night. The first part
of the evening was the initiation
into the order of S. M. Campbell,
Charles J. Buhner and W. E. Craven.
There were eleven who were
taken into the U. C. T., the play
ground of the U. C. T.

Through the courtesy of the la-
dies a lantern with slides, "The
Roy of Hope", was presented to
the organization and the pictures were
shown and explained last night. The
evening was concluded by the serv-
ing of refreshments and a social
hour.

Miss Helen Leach
Gives Slumber Party.

Miss Helen Leach, who resides
west of the city, gave a slumber
party last night to a number of
friends. A Dutch lunch was served
and the young ladies had an excel-

lent time. The party included Miss
Helen Leach, Gladys Sargent,
Lutabel Hildreth, Alma Gibbs, Haz-
Brown, Minerva Heatherly and E-
ther and Frances James of Mered-
sia.

YOU WILL FEEL AT HOME HERE.

MAVERICKS

These are hot and stick days, when you sweat and fume and stew, when the cheerful fool interrogates, "Is it hot enough for you?" He makes you grit your teeth and cuss and with your wife and children fuss. But still he goes his blithering way, just like a farmer making hay. He has no fear of God or man, as he works out his fiendish plan of pestering mankind and children too, as he asks, "Is it hot enough for you?" Now when this pest packs his earthly grips and is ferried by Charon across the Styx, we hope he gets where it's twice as hot and is put to stirring a molten pot, and as he grunts and sweats and tries to grin, old Satan will turn on a little more heat and make it hot enough for him.

An exchange gives Mucks, the Wisconsin athlete, credit for a record of 46 feet 6-1/2 inches in the pole vault. If true, Mr. Mucks almost equals a German airship.

It is fortunate President Wilson is an even-tempered man, else he might get angry and slap the kaiser on the wrist.

It seems singularly appropriate that the Allies and Germans should fight so desperately for possession of a cemetery. Both are engaged in an occupation that makes a cemetery a desirable thing to have.

If you are suffering from constitutional inferiority, you had best watch out or the alienist will get you. However, those who testified in the Thaw trial did not know what it meant, so a man might have it all his life and never suspect it.

The editor of the Quincy Whig runs a column called the Editor's Night Cap. He evidently wants to make the editors in Jacksonville, Decatur and Bloomington envious. We can't get a night cap here.

This seems to be the closed season on editors so far as appointments are concerned. Closely following on Mr. Rainey's turn down of Editor Nelson of Winchester comes that of Editor Bell for postmaster at White Hall. Mr. Bell made a strong fight for the job, but Mr. Wyatt landed it. A like fate befell W. T. Hedenberg of Meredosia, who was advised that the congressman did not look with favor on his application for the Meredosia office. Instead Mr. Hedenberg has bought a newspaper at Versailles.

Even if the Dokay drill team didn't get inside the money, they gave Jacksonville considerable advertising of a desirable sort.

The jury in the Thaw case declared him sane. In the opinion of many people Attorney Jerome has shown more signs of insanity in his prosecution of Thaw than ever Thaw has shown.

In speaking of Root being the choice of the G. O. P. for president in 1916 a dispatch from Washington says that Roosevelt and Taft have a few friends. How are the mighty fallen!

While most of us will not envy Mr. Haingrove his job in going after the Wabash rate case, those of us who have been held up on the Hannibal tunnel graft hope he wins his case.

Over in Ohio the saloonkeepers have Bibles in their places and make a man swear to his age in case they are in doubt. Judging from some of the swearing that has been done in liquor cases around here their oaths would not amount to much.

Was Awe Inspiring.
The storm Saturday night proved a severe one, many limbs were wrenched from the trees, wheat shocks were blown over and the electrical display as the roll of Jove's thunder cart was truly awe-inspiring.

Men's mid-summer Underwear.
FRANK BYRNS Hat Store.

TO ATTEND WEDDING.
The Misses Alice and Ethel Waunderley of Assumption were in the city Saturday, leaving in the evening for Kansas City to attend the wedding of their cousin, Miss Etta Halstead.

Men's Vest off Suspenders and Live-Leather Belts are sold by FRANK BYRNS Hat Store.

TO TAKE TRIP WEST.

Mr. and Mrs. O. W. Lake of Los Angeles, Calif., who are guests at the home of their son E. D. Lake, have been visiting relatives in South Bend and Logansport, Ind. They will leave for Los Angeles August first and will be accompanied by Mr. and Mrs. Earl D. Lake and together will visit the Panama exposition at San Diego. They will motor to Los Angeles and then by auto to Tijuana, Mexico and later will go to Catalina Islands.

Fried chicken dinner Sunday 25c plate, 11:30 to 2. HALL'S CAFE.

BIDS FOR PAINTING.

Sealed bids for painting 91 boulevard light posts will be received at the office of the Chamber of Commerce to be opened at 2 o'clock Tuesday afternoon. All materials furnished.

Carl H. Weber, Secretary.

ATTENDED FUNERAL.
Mrs. A. R. Endsley of East College avenue and daughters arrived home Friday from Metropolis where Mrs. Endsley was called by the death of her father, G. R. Ditterline.

Meet your friends at the popular soda fountain—Knollenberg's, East State and Square.

MEREDOSIA.

Mrs. J. C. Lewis of Bluffs was a business visitor here Friday. Miss Lena Wegehoff and Miss Edith Brockhouse left Friday for Granite City and St. Louis.

Mrs. F. W. Brockhouse and niece Pauline Rice left Thursday on the steamer Peoria for a visit with relatives in Beardstown.

Among the visitors to Jacksonville Thursday were H. L. Lake, W. A. Steplin and wife and Miss Eva Beauchamp.

Miss Naomi Curry returned to her home in Mt. Sterling Thursday after a two weeks' visit with Miss Greta Looman.

Miss Allinson Thomason departed Thursday for Keokuk to visit with her sister, Mrs. Richard Glenn.

Miss Marie Cody returned home Thursday from Jacksonville where she had been visiting her brothers, Arthur and Will.

Mrs. Tillie Murphy of Des Moines, Iowa is visiting her mother, Mrs. Eliza McLain.

Misses Ida and May Neville left Wednesday for their home in Chicago having been here to attend the funeral of their brother, Elmer.

Mrs. W. T. Hedenberg visited Bluffs Wednesday. While there she was the guest of Mrs. Claud Meats.

Mrs. Caroline Graham returned home from Bluffs Wednesday where she has been visiting for the past week.

Misses Freida Unland and Verna Pond were Jacksonville visitors Thursday and Friday.

The many friends of Andrew Hamman are rejoiced to learn that he is steadily improving from his recent operation at Dr. Day's hospital in Jacksonville.

The Meredosia Sunday school of Beardstown numbering about 450, arrived in our city Wednesday on the steamer Verna Swain and ate their dinner in the park.

A large number of our citizens took in the moonlight excursion on the steamer Columbia from this city to Florence and return Tuesday evening. A splendid time is reported by all in attendance. The concert band accompanied the excursionists.

The members of the Junior League of the Methodist church enjoyed an all day picnic at the fish hatchery on Wednesday.

Mrs. R. H. Duer is visiting this week in Springfield with her daughter, Mrs. Roy Troxell.

Ross Mum, wife and baby of Beardstown are visiting relatives here.

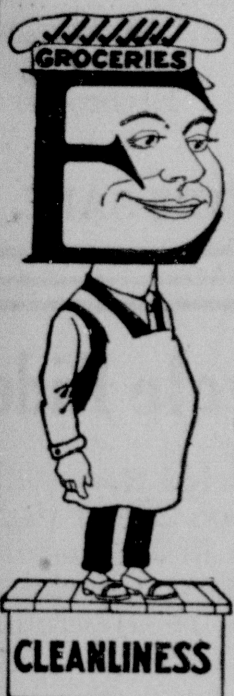

Hon. H. T. Rainey, member of congress from this the 20th congressional district, visited this city last Tuesday in the interest of the post office situation. Since the resignation of W. T. Hedenberg there are but three candidates in the field, G. W. Burrus, J. R. Bowling and N. C. Bushnell. Mr. Hedenberg withdrew some time ago and intends embarking into the newspaper business again. He and B. F. Bond of Versailles have purchased the Versailles Enterprise plant at that place and will take possession September 1st. It is the intention of the new firm to wreck the old plant and put in an entire new plant. Mr. and Mrs. Hedenberg have purchased property in Versailles and will move to that city about August 1st. Their many friends here wish them abundant success. Mr. Hedenberg was former editor of the News and later of The Budget, having sold out the Budget about a year ago to Burdick and Wilcox on account of failing health, but the year's rest has been a great benefit, consequently he is anxious to return to his first love—the newspaper business.

The past few warm days without rain causing the farmers to wear a smile, thus enabling some to harvest and others to thresh.

J. B. Brockhouse and N. C. Bushnell were business visitors in Jacksonville Wednesday.

The river at this place is slowly raising. Wednesday a number of shocks of wheat were noticed floating down the stream.

Come where cool breezes blow and cool drinks flow—at Knollenberg's ice cream parlor, east side square.

Do You Want a Peninsula Guide Book for Gas Users, FREE?

The Peninsula Stove Company has furnished us with a number of these books—tell you how to read your meter and compute your own gas bill, how to manage your gas stove so as to save 15 per cent of your gas bill.

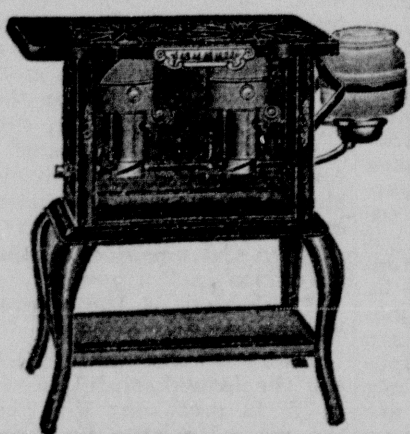

We have a copy of this book for you when you call for it, or will mail you one postpaid, upon request.

Peninsula Gas Stoves are lined with "Armco" rust proof iron, guaranteed against rusting out. Gas stoves do not wear out. As a usual thing they rust out. Armco—pure iron—won't rust.

"Bon Ami" Oil Stoves burn the gas from coal oil, not the oil itself. The flame is as blue and clean as a gas flame.

BRIDGE COMPANY DECLINED WAR ORDER

DECIDED NOT TO ENGAGE IN AMMUNITION MANUFACTURE.

Representative of European Countries Ready to Pay to Several Bridge Companies \$375,000 in Advance on a Million and a Half Order—Uncertainty as to Future Business Made Turn Down of Offer Seem Advisable.

Not long ago the Illinois Bridge company, along with several other bridge concerns, was offered a contract to furnish one and a half million dollars worth of shrapnel shell for the European warring countries. After considering the whole proposition, the bridge company officials decided not to entertain it. T. A. Chapin, general manager of the Illinois Bridge company, attended the conference in Chicago at which a representative of the allied European governments made the proposition to an assemblage of bridge company representatives.

At first there were several of the bridge company men who felt very much inclined to accept the offer, but later, after considering the radical changes they would have to make in their plants and the possible loss of regular business, they determined not to accept. The proposition was that if several of the bridge companies would join in the contract so that there would be absolute certainty that the ammunition would be delivered as contracted, that the purchasers would advance one-fourth of the million and a half dollars for the purchase of the needed machinery and for the necessary working capital. It was further suggested that six months would be allowed for the purchase of the new equipment and that as soon as the actual manufacturing was begun the payment for the shrapnel would be made at the end of each week until the balance of the million and a half dollars had been paid.

New Equipment Necessary.

The other details of the suggested contract were such that it would be required to complete the order within two years of the date of the contract. The duration of the war would have no effect upon the contract, as the purchasers would take the shrapnel whether or not the war was still going on. Bridge companies are not equipped at all for work of this kind, and to engage in the manufacture of ammunition would mean the installation of an entirely new equipment. The only reason probably that ammunition contracts have been offered to bridge companies is because they have large buildings, organization, and for the added reason that the bridge business and general steel construction work is not as active now as has been the case for several years past. Quite a number of small concerns have attempted to get contracts for ammunition but have been refused because the representatives of the European countries will not contract with any firm which does not have a large capital and financial backing. They will not enter into contract with any firm or corporation when any doubt exists as to the possibility of the contract being carried out.

It was for this reason that it had been suggested that several bridge companies might unite and thus have a total of capital and strength which would be satisfactory to the purchasers of the proposed ammunition. Lines of various kinds form the principal requirements of shrapnel making, and the average size shrapnel is about three inches in diameter by ten or twelve inches long. This steel cup, as it may be termed, then becomes a receptacle for steel bullets of special size and the powder necessary to discharge them. The bridge companies would have nothing to do with the explosive part of the shrapnel but would turn out the steel shells and the bullets which would then be shipped to an assembling point in the east where the explosive part would be added. But as already indicated, the plant changes would have to be so radical and the future demand for shrapnel would be so uncertain that the bridge men decided it would not be good thing to jeopardize their regular line of business by taking on the proposed contracts.

Big Offer to Felton.

Some further idea of what big things are doing in the ammunition business is indicated by the recent statement that S. M. Felton, president of the Chicago Great Western railroad, formerly president of the Chicago & Alton, has refused a salary of \$250,000 a year to superintend the making of war munitions for Russia. It is said that Mr. Felton was offered a two year contract at this figure to construct the Baldwin locomotive works' new two and a half million plant and later to have charge of this plant during the manufacture of eighty million dollars' worth of war munitions recently sold to the Russian government.

AT THE BAPTIST CHURCH.

A cantata entitled "Everyday Fables" will be given by the Junior Golden Rule League at the Baptist Mission, Monday evening at 7:30. The program consists of readings, and vocal and instrumental music in which costumed boys and girls will take part. An admission of ten cents will be charged, the proceeds to go to the building fund.

ELECTION JUDGES NAMED BY COUNTY COMMISSIONERS

Republicans on Basis of Last General Election Have Majority in All But Nine Precincts.

The Morgan county board of commissioners recently appointed the judges of election who will serve during the coming year at all elections and primaries, regular or special. It is the custom to appoint two judges from the party who had the highest vote in each precinct in the last general election and one judge from the party having the next highest vote.

It so happens that the basis for choice in the present instance is the November election of 1914. Because of the fact that Andrew Russell was the candidate for state treasurer more than the normal number of precincts showed a Republican majority, and it therefore happens that there are two Republican and one Democratic judge in all of the precincts except Centerville, Chapin, Concord, Franklin No. 1, Merced, Nortonville, Prentice, Waverly No. 1 and Waverly No. 2. Thus Republicans have more judges than has been true for a great many years.

BIDS FOR SCHOOL SUPPLIES.

Scaled bids for furnishing school and janitors' supplies and chemicals in accordance with lists on file in the office of the clerk will be received until noon Saturday, July 21. The board reserves the right to reject any or all bids.

R. L. Pyatt, Clerk of the Board.

SONS OF THE AMERICAN REVOLUTION CONVENTION.

Portland, Ore., July 17.—The 26th annual congress of the societies of the Sons of the American Revolution will open tomorrow in Portland, with a patriotic memorial service. Several thousand delegates arrived today from all sections of the country. The annual business session will begin on Monday. On Wednesday a steamboat trip on the Columbia River is scheduled, and all hands will proceed to San Francisco, where two days will be spent. It was at the Golden Gate that the original organization of descendants of the Revolutionary patriots was first begun in 1876, and now the society extends into 43 states, Hawaii and France.

Rogers Clark B. Thurston of Kentucky, president general, will preside at the opening session on Monday, at which Governor Withycombe and others will be the speakers. Newell B. Woodworth of Syracuse, N. Y., is booked for the office of president general in the national election of officers, which will take place during the convention week.

PROBATE COURT.

In the estate of Levi Ticknor, in the matter of the petition to sell real estate to pay debts, an order was entered that the executors file an additional bond in the sum of \$10,000.

In the estate of R. L. Wyatt, the petition for letters of administration was allowed and the same were ordered to issue to James L. Wyatt, with bond of \$200.

In the estate of Martha A. Williams, a petition was allowed ordering that a certificate of a copy of the will be recorded.

In the estate of Frances McGinnis, the petition for letters testamentary was allowed and same were ordered to issue to Edward P. Kirby, with bond of \$5,000.

TRADE HEARINGS BEGIN IN CHICAGO THIS WEEK.

Federal Trade Commission Will Tour West for First Hand Knowledge of Business Conditions.

Chicago, July 17.—In its first bow to the business men of the middle west, the Federal Trade Commission will hold hearings in Chicago on Monday and Tuesday. Chairman Davies and his fellow-commissioners plan to tour through to the Pacific Coast consulting men of affairs to gain first hand knowledge of conditions which will be met with in putting into effect the government's measures of aid to industry.

The Federal Trade Commission, recently organized and endowed with powers to police the highways of trade and insure for the weaker competitors justice in the markets of the country, has yet to stand the test of approval. In a measure this board will supplant the legal activities of the Department of Justice in investigating trusts and supposedly illegal combinations.

While in Chicago next week, the commission will look over the coal field situation. The next stop will be at Detroit, where the commission will sit July 21 and Cincinnati will be visited on July 22, and a hearing will also be given there. Indianapolis will be reached on July 23, and a prominent business man there will be invited to confer with the commissioners.

During the following week an extended hearing will be conducted in Chicago. The commissioners will then journey westward, stopping at St. Paul and Minneapolis, Spokane, Seattle, Tacoma, Portland, San Francisco and San Diego.

The purposes of this first western trip are announced as follows: To get a general idea of the problems confronting American manufacturers in their foreign trade; to hold conferences with big trade bodies to get at the bottom of foreign trade difficulties; and to hold hearings to act on informal complaints.

The commission has received requests from many organizations and firms as to the legality of certain trade practices, and there will be a frank discussion of these questions.

THIS DATE IN HISTORY.

July 18.

1683—Turks defeated the Poles under the walls of Vienna.

1790—Died Adam Smith, famous Scotch philosopher, who wrote the famous book "Wealth of Nations."

1792—John Paul Jones died in Paris, he neglected poverty, although he had served well the navies of the United States and Russia.

1794—The French under Morbau took Neuwport in Belgium; 300 immigrant prisoners were shot.

1862—General Pope issued orders that the army of Virginia must submit on the country through which it passed and holding the citizens responsible for any damage done to railroads or communications.

1872—Ballot Act went into force in England, substituting secret for open voting in Parliamentary elections.

1872—National festival in Norway, celebrating the thousandth anniversary of the establishment of the kingdom.

1899—Died Horatio Algier, writer of boy's stories.

IS INSPECTING STATE CHARITABLE INSTITUTIONS

Dr. H. C. Clark of Chicago, Representative of Board of Administration, Here.

Dr. H. C. Clark of Chicago, representing the state board of administration, arrived in the city Saturday afternoon. Dr. Clark is in the employ of the board of administration to inspect all charitable institutions, jails and other places where prisoners or wards are confined. His main work is to investigate the sanitary conditions of the institutions.

In talking with a reporter for the Journal Saturday, Dr. Clark said that he found deplorable conditions in some jails and police stations. He has a wide scope to cover in his investigations for the board of administration, as his territory covers five states. It is the purpose of the Illinois board to investigate the methods of various states as to the treatment of its wards in the charitable institutions. If these states have any methods that will be of benefit to Illinois they will be adopted. Dr. Clark is of the opinion that such investigation will result in more uniform methods throughout the whole country and enable the different states to finally get as near a perfect method of conducting charitable institutions as is possible.

Dr. Clark expects to be in the city for more than a week and will visit not only the charitable institutions, but the jail, police station and the county farm.

ROTARY MEN IN NATIONAL CONVENTION

San Francisco, July 17.—From 178 American cities and a dozen foreign capitals, thousands of Rotarians are arriving for the sixth annual convention of the International Association of Rotary Clubs, which opens here tomorrow. Frank L. Mulholland of Toledo, president of the International Association, will formally convene the big gathering on Monday. He reports that although the organization has existed only six years it now has a membership of 21,000. The motto of the Rotarians, "Service, Not Self," is emblazoned at the big headquarters of the convention. Tuesday, July 20, will be celebrated as "Rotary Day" at the Exposition. Many prominent speakers are on the program, which extends through the entire week.

CANADA PLANS TO MOVE CLOCK BACK.

Toronto, Ont., July 17.—The idea of setting the clock back an hour during the summer months, in order to give more daylight for work and pleasure, has become so popular throughout Canada that it will be brought to the attention of Parliament at its next session, with a view to securing the enactment of a statute that will make the movement uniform. The plan is to turn the clock back an hour beginning April 1 of each year, and continuing until fall, so that the people will go to work earlier and complete their work earlier and thus have an added hour of recreation in daylight.

FUNERAL NOTICE.

The funeral of J. J. Viera will be held from Northminster church this afternoon at 2:30 o'clock. Friends wishing to view the remains will call at the residence as the casket will not be opened at the church.

CREX GRASS RUGS

Imitations flatter, also deceive — substitutes for CREX Rugs do both. Beware of them. When ordering see that CREX is on side binding. It means the genuine CREX, the first made wire-grass floor covering, and best in every point of excellence. CREX doesn't hold dirt or germs — is easily cleaned and handled — light in weight — tough and strong in wear — varied in design — many sizes for all purposes — always cool, healthy and dependable. Color schemes to suit all tastes. Prices from 35c to \$15.00.

The dealer "makes more" on substitutes — therefore insist upon getting CREX. The name on the binding protects you. It's our guarantee of genuineness.

CHENEY OUTPITCHES ALEXANDER AND WINS

CUBS TAKE GAME WITH THREE RUNS IN SECOND.

Chicago Twirler is in Difficulty in Only Two Innings—Defeat Breaks Alexander's Winning Streak.

Philadelphia, July 17.—Chicago broke Alexander's winning streak today, defeating Philadelphia, 4 to 0. Out of the last ten starts Alexander had won nine games and tied one.

Cheney outpitched Alexander and was in difficulty in only two innings. The visitors won the game when they sent three runners over the plate in the second inning on singles by Saier and Williams, Phelan's double and Bancroft's wild throw to the plate on Cheney's grounder.

New York, 5-2; St. Louis, 4-0.
New York, July 17.—New York defeated St. Louis twice today winning the first game in sixteen innings five to four and the second, 2 to 0.

The first game ended when Robertson doubled, took third on Doyle's sacrifice and scored on Fletcher's single.

St. Louis had this game four to two up to the ninth, when the Giants tied the score, ending in two runs on three successive errors, a single and a sacrifice fly. After that Schauer, who had relieved Marquard in the ninth fought a brilliant pitchers' battle with Pettus, who had relieved Sallee.

Schauer retired in favor of a pinch hitter in the 15th and Pettus finished the game. Pettus pitched shut out ball against his former teammates in the second. Doak was batted hard in the fourth when New York won on three singles, a sacrifice and an error. In the fifteenth inning of the first game Manager McGraw of the Giants was sent to the club house for protesting a decision. S. L. 100 011 100 000 000-4 12 6

Doak and Snyder; Pettus and Doolin.

Pittsburgh, 5-3; Brooklyn, 3-7.
Brooklyn, July 17.—Brooklyn and Pittsburgh divided today's double header. The Pirates took the first game 5 to 3 by hammering Smith for a home run, a triple and two singles on top of a pass in the fifth inning. The Superbas knocked McQuillan out of the box in the sixth, when three singles and a double by O'Mara scored three runs.

The second game went to Brooklyn 7 to 3, the Superbas hitting both Conzelman and Cooper hard in the fourth and fifth innings. Myers had scored in the seventh when a heavy thunderstorm stopped the game.

Pittsburgh 000 041 000-5 7 0
Brooklyn 000 003 000-3 7 1
McQuillan, Kautelner and Murphy, Gibson; Smith, Appleton, Douglas and Miller.

Second game:
Pittsburgh 000 300 0-3 5 2
Brooklyn 000 240 1-7 10 2
Conzelman, Cooper and Gibson; Pfeffer, Coombs and Miller.

Boston, 3-3; Cincinnati, 2-2.
Boston, July 17.—Boston defeated Cincinnati twice today the scores being 3 to 2 in each contest. A two base hit by Schmidt in the ninth inning of the first game when the bases were full drove in the tying and winning runs.

A pass a fielder's choice, Moran's double, Evers' single, Connolly's sacrifice fly and Magee's hit gave Boston their three runs during the seventh inning of the second game.
Score: R. H. E.
Cincinnati 002 000 000-2 10 0
Boston 000 001 002-3 11 0

PITTSBURGH TAKES BOTH GAMES OF DOUBLE HEADER FROM BUFFALO

Both Contests Are Poorly Played—Other Federal League Scores.

Pittsburgh, July 17.—Pittsburgh defeated Buffalo twice today, 8 to 5 and 7 to 2. Both games were poorly played. The pitching of Allen and Anderson in the first game was ineffective, each man being replaced. Barger was good in the pinches in the second game and was better supported than his opponent.
Score, first game: R. H. E.
Pittsburgh 300 310 10-8 9 3
Buffalo 000 401 000-5 6 6
Batteries—P. Allen, Hearn and Berry; Anderson, Lafitte and N. Allen.

Score, second game: R. H. E.
Pittsburgh 111 101 20-7 8 1
Buffalo 010 010 000-2 7 5
Batteries—Barger and Berry; Marshall and Watson.
Chicago, 7-4; Brooklyn, 6-5.
Chicago, July 17.—Honors were even between Brooklyn and Chicago after two slugfests today. Mann's fourth hit drove in the winning run in the ninth inning of the first game, which went to Chicago, 7 to 6. In the second game Bradley's safe drive in the fifth spelled victory for Brooklyn, 5 to 4.

Score, first game: R. H. E.
Brooklyn 240 002 010-6 12 2
Chicago 000 010 201-7 13 2
Batteries—Marion, Flinneran, Upland and Simon, Prendergast, Hendrix and Wilson.
Score, second game: R. H. E.
Brooklyn 020 003 000-5 8 1
Chicago 010 011 000-4 10 3
Batteries—Walker, Wilse and Land; Hendrix and Fischer.

St. Louis, 7; Baltimore, 4.
St. Louis, July 17.—St. Louis, using one pitcher and a regular team, defeated Baltimore 7 to 4 here today, although the visitors used three twirlers and had a line-up of fourteen players. Crandall allowed Baltimore but seven scattered hits.

Score: R. H. E.
Baltimore 002 000 020-4 7 2
St. Louis 100 001 047-7 12 4
Batteries—Gallin, Suggs, Conley and Owens; Jacklitsch, Crandall and Chapman.

Kansas City, 6; Newark, 3.
Kansas City, July 17.—In the eighth inning of today's game the locals scored three runs on one hit, one error and two bases on balls, breaking a tie and winning for them from Newark 6 to 3.

Bases on balls were frequent, but fast fielding saved the pitchers.
Score: R. H. E.
Newark 000 012 000-3 8 4
Kansas City 001 000 037-6 8 3
Batteries—Kaiserling, Brandon and Rariden; Packard and Brown.

CHICAGO AND BOSTON SPLIT DOUBLE HEADER

RED SOX TAKE FIRST GAME 6 TO 4.

Russell Allows Boston Only Six Scattered Hits in Second Contest and Shuts Them Out Four to Nothing.

Chicago, July 17.—With first place hanging on the outcome of the second game of a double header today, Russell allowed Boston six scattered hits and shut them out four to nothing. Only three of the visitors got as far as second base. Boston won the first contest six to four.

In the initial game Fournier's error of judgment in running down Thomas between first and second enabled Barry to score the tying run in the eighth and after Chicago had again taken the lead Fournier dropped an easy pop fly by Hooper in the ninth. Three runs were scored on the error force out, single, triple and double. Erratic fielding marked this game.

Both clubs braced in the second, but Russell was master of the situation throughout. Chicago scored two runs in the third on Weaver's single and E. Collins' home run which bounded over Speaker's shoulder. They added two more in the eighth on base on balls, a single and a sacrifice fly.

"MORNING GLANCES" (By Gosh)

The American league race is still close. With the eastern teams invading western territory some decisive games are likely to be played. Many people thought the White Sox would allow. They haven't done it so far. Yesterday Chicago and Boston split even in a double header. Only eleven points separate these teams today with the Detroit Tigers running close up. The Tigers are fifteen points behind the Red Sox and twenty-six points behind the White Sox. If Walsh has come back and Eddie Murphy does as good work for the Sox as he did for the Athletics, Rowland will be heard from throughout the entire season. The Yanks are in fifth place with Washington, St. Louis, Philadelphia and Cleveland trailing.

The National league race still continues to be a hot one. The Phillies are still in first place. Only three points however, separate them from the Cubs, the place team. Brooklyn which has been coming fast for the past two weeks is third. The Superbas, as they are called now, are only thirty-two points behind the Cubs and forty-four points behind the Phillies. It surely is a great race and if Brooklyn keeps her clip the Phils and Cubs will have to go all the time to stay in front. St. Louis and Pittsburgh are tied for fourth place, and either is in striking distance of the top if they can make a spurt. The Giants are still with the Braves and Cincinnati following. The Giants and Braves are going pretty well now and if they take their pace any time within the next three weeks they will be heard from in the race.

In the Federal league the Whales have got to the top again. This team got on top early in the season for a day's stay. Then they apparently slipped and went down to the bottom. Recently they got to going again and are now on top. The Whales on paper looked to be the best bet in the Federal league and it looks as though they are going to live up to their paper reputation. Kansas City is only six points behind the leaders and are playing consistent ball. St. Louis which grazed the top before they met the Whales is in third place. Pittsburgh is in fourth place with Newark, Brooklyn, Buffalo and Baltimore in the order named.

The Cubs broke Alexander's winning streak Saturday. Up to that time he had won nine games and tied one. The final score was 4 to 0. Cheney outpitched the "Great" all through the contest. The Cubs won the game in the second inning when they bunched three hits with a wild throw by Bancroft which netted three runs.

The Braves won a double header from Cincinnati yesterday. Both scores were 3 to 2. The Braves made eleven hits in each game, Boston used two pitchers in each game while Cincinnati used three in the second. Schneider went the full route in the first game.

Pittsburgh put a temporary check to Brooklyn's winning streak Saturday when she broke even with the Dodgers in a double header. The Pirates took the first game 5 to 3 while Brooklyn grabbed the second 7 to 3.

The Cardinals and Giants hooked up in a double header yesterday. The first contest went sixteen innings, New York finally winning by a score of 6 to 5. St. Louis won the second 2 to 0. Doak and Perritt each allowed eight hits but the Cardinals bunched theirs in the fourth inning.

Washington beat the Cleveland Indians a double header yesterday. Boehling held Cleveland safe in the first game while in the second Washington got thirteen hits off of Harstad, Coumbe, Jones and Hill.

Detroit beat the Athletics in a close game yesterday the score being 2 to 1. Detroit won in the ninth on Veatch's triple and Owen Bush's sacrifice fly.

Lavan's single in the ninth inning enabled New York to beat St. Louis in the opening game of the series yesterday.

The Sox broke even with Boston yesterday. Boston took the first game 6 to 4 while the Sox took the second 4 to 0. In the first game Eddie Murphy formerly leadoff man for the Athletics, got two hits, Hap Pelch rapped out a home run.

Crandall held Baltimore safe all the way yesterday while St. Louis hit three Baltimore pitchers hard and won 7 to 4.

Rob Russell surely had the goods yesterday in the second White Sox, Red Sox game. He held Boston to six hits and shut them out. If the Rebel gets good along with Ed Walsh it means Rowland will have some ball team. These two pitchers going right could nearly win a pennant by themselves.

Chicago and Brooklyn broke even in a slugfests yesterday. Chicago took the first game 7 to 6, while Brooklyn captured the second 5 to 4.

Pittsburgh beat Buffalo twice yesterday. Both games were poorly played and the pitching was ineffective. Barger held Buffalo to two runs in the second game though they made eight hits.

Target Tips and Hunting Helps by Alfred P. Lane

Readers are reminded that this column is open to questions which should be sent to me in care of the Sporting Editor, and to discussions by the readers on anything connected with hunting or target shooting.

—A. P. L.

C. H., Chicago.
1. Is it allowed to hunt small game (rabbits, squirrels, also ducks and water fowl) with a .22 cal. rifle in the State of Illinois?

Ans. I do not know of any law which prohibits the use of a .22 caliber rifle for hunting such game as you mention.

2. Which make auto loading rifle do you prefer, Savage, Winchester or Remington?

Ans. This is a question for you to decide. Ask some of your sportsmen friends.

3. Some time ago you recommended the use of nitro solvent oil for a gun that was loaded. Will you please tell me where I can buy such oil and is it made by a special process?

Ans. Any of the regular hardware or sporting goods dealers can supply you with a nitro solvent oil. There are various makes on the market varying from good to bad. Pick one made by a reliable concern. Most of these oils are made by a very complicated "process," the process consisting in pouring all the things which go to make up the oil together and stirring them up.

H. C. C., New Britain, Conn.
1. Which is the most powerful for .22 calibre rifle cartridges, the black powder, the smokeless or the semi-smokeless or Lesmok?

Ans. As now loaded there is no difference in the power.

2. Which of the above is least harmful to the rifle?

Ans. Lesmok or semi-smokeless are the least harmful to the rifle.

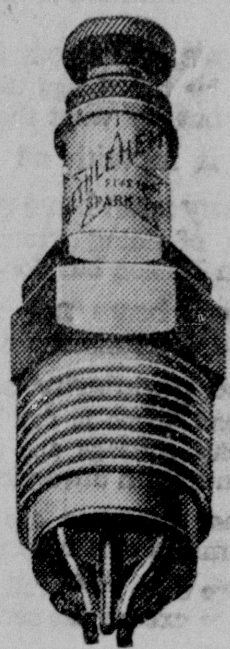

3. Is there any law prohibiting the use of a rifle in closed season for frogs or target shooting outside the city or town limits in this State?

Ans. There is no law prohibiting the use of a rifle for target shooting at any time of the year. Killing frogs is hunting and it would be best to have a regular hunting license if you intend to go after them either in or out of season. If you want to get absolutely reliable information on this subject write to Wm. K. Mollan, President, State Board of Fisheries and Game, Room 64, Capitol, Hartford, Conn. If you will send me his reply and it contains anything out of the ordinary, some of my readers may be interested in it.

Shotgun Crank, Chicago, Ill.

1. My shot gun targets from 279 to 367 using the same 5 trap loads. Average 323 pellets. Do you consider this a good trap gun?

The Plug to Buy!

THE long electrodes of the Bethlehem Five Point Spark Plug bring the sparking point into the cylinder itself directly above the piston head—preventing accumulation of dead gases, using less fuel and developing more power.

It is impossible for all the points to carbonize. Ignition is made certain!

Do not take chances with other spark plugs—use the Bethlehem and be sure

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, July 21, 1915. One day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visit year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL? Are you dizzy or nervous? Pain in the head? Stomach costed? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you a dull, dragging pain of ache of the body, back or limbs? Have you Rheumatism? Have you Piles—itching or bleeding? Have you kidney or bladder trouble, lameness, back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.

Come early as places are always crowded.

A friendly call may save you future suffering.

It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D.,

766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength

JULY 19.

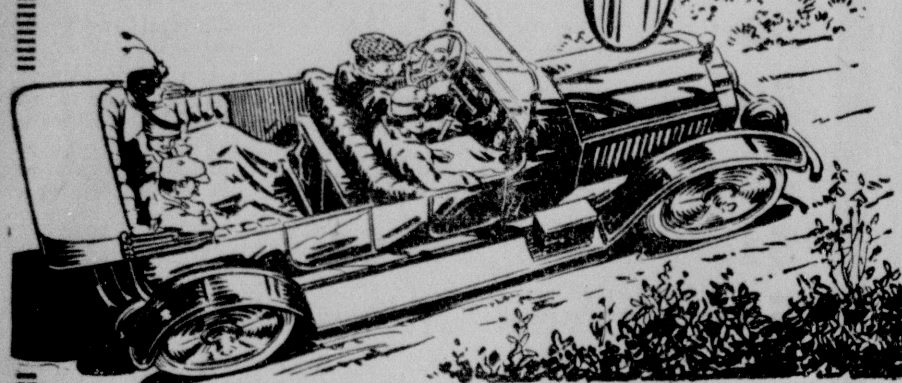

Merely "Oil" Won't Do Here

Consider running your motor without any lubricant. That is only a much quicker way to ruin it than to run it with a poor oil. It takes longer, that is all.

An oil that does any damage has no place in any car, for the function of a lubricant is to protect friction surfaces. The ease of running—easy action and full power—simply goes along with this protection.

Some oils are better than others, but only the best should be used. Anything less is injurious.

The question is—Which are the best oils?

Polarine

is made in the largest plant of its kind in the world. Here is every known facility, collected after years of experience, for the production of the perfect oil. Here is a great laboratory. Here are chemical specialists—experts who have spent years working out lubrication problems of all kinds. Their prestige is at stake on every one of their recommendations.

Polarine is their recommendation for all standard makes and types of motor cars, motor trucks and motor boats in use today.

No better oil can be made, yet Polarine costs no more than poorer oils. Our profits come from volume, for we are selling Polarine at the rate of 7,000,000 gallons yearly.

Use an oil about which you know all the facts.

All first class dealers, garages and filling stations can supply you with Polarine. Insist on getting it.

Consultation and Examination FREE

Dr. E. O. Gable, the Chicago Specialist, Will Be at the Dunlap Hotel from 9 A. M. Tuesday, July 20, Until 4 P. M. Wednesday, July 21.

DR. EDWIN O. GABLE.

Dr. E. O. Gable, the Neuropathic Specialist of Chicago, will return to the Dunlap Hotel for his 20th consecutive visit, from 9 a. m. Tuesday, July 20, until 4 p. m. Wednesday, July 21. He will give his consultation and examination free to all sufferers of chronic disease who will call on him this trip.

Dr. Gable's object in doing this is to introduce and explain his new system of treating diseases. He is the author of the Dr. Gable Neuropathic System of treating diseases. This system of treatment is founded on the theory that all diseases of the body, no matter where located, interfere with normal circulation, presses on the nerves and gradually destroys the functions of the organ, causes irritation of the brain and nervous system. He claims that if you can remove this disease deposit, restore circulation and relieve the pressure on the nerves, most chronic diseases can be cured, no matter in which organ it is located or how long standing if the treatment is used before the tissues are too badly destroyed.

Read what Mr. Dirk has to say about this treatment:

July 7, 1915.

To whom it may concern:

This is to say that I suffered for several years with nausea, vomiting, jaundice, remittent fever, stupor or coma, and severe pains in the stomach. When attacked with dizziness, which happened two or three times daily, I was unconscious. During my suffering I tried many doctors and treatments, without avail. Then I consulted Dr. E. O. Gable and took his neuropathic treatment for three months. This steadily improved my condition, increased my weight, fourty-four pounds, removed all distressing symptoms and effected a cure. I take pleasure in recommending Dr. E. O. Gable to any one suffering with stomach and liver trouble. His treatment did wonders for me.

E. L. Dirk, Pontiac, Ill.

This is another of the many cases that show the wonderful cures I am making with this system of treatment.

He has had great success in curing many old chronic cases where other treatments failed. He absolutely believes that he can relieve any case of rheumatism, either acute or chronic. It cures all curable forms of kidney trouble, bladder trouble, weakness of these organs. This treatment gives almost immediate relief of dyspepsia, indigestion, fermentation, constipation, liver trouble; it cures most forms of blood disease, chronic skin trouble and nervous diseases. He wants every person suffering from any of these troubles to call on him at the hotel this trip. He will be glad to explain fully all about this system of treatment and tell you frankly whether or not in his opinion your case is curable free of charge. If you suffer with any of these chronic troubles you cannot afford to miss this opportunity. Dr. Gable is making visits here regularly each month and wants to treat as many people as possible in and around Jacksonville in order to prove, in as many cases as possible, the great success he is having with this system of treatment. His hours will be from 9 to 12 and 1 to 5 and 7 to 8. Ask for Dr. E. O. Gable.

Chicago address: 5492 Ingleside Avenue, Chicago, Illinois.

Among Our Churches

Centenary M. E. Church, G. W. Flagge, pastor—Sunday school, 9:30 a. m., Albert C. Metcalf, superintendent. Sermon, 10:45 a. m., by Rev. N. R. Johnson of Island Grove. PLEASANT GROVE.

Stephen Shelton of Woodson is assisting W. S. Fanning with the farm work.

D. J. Crouse was cutting oats Thursday and Friday. Helen Dobson returned home Tuesday after a week's visit in Murrayville.

The neighbor women of Mrs. D. J. Crouse met with her Thursday for a social afternoon and tack carpet rags. Nice refreshments were served. Those present were Mrs. Lonnie Bacon and daughters, also her grandmother Mrs. E. Bacon; Mrs. Mary Sooy, Mrs. Linnie Dobson and daughters Helen, Eva and Elta; Mrs. Ella Jennings and daughters Alma and Grace; Mrs. John Hull and children, Mrs. Harvey Wheeler and Mrs. Ella Crouse and grand-daughter Elinore of Murrayville.

Mrs. Grace Tucker and little girl Mary Martin who lives with her, called on Mrs. Herbert Jackson Tuesday afternoon.

Mr. and Mrs. John Harding spent Sunday with their daughter Mrs. Harvey Wheeler and family.

Grace Jennings is helping Mrs. Pearl Crouse with her work the past two weeks.

Mr. and Mrs. Lurton Tucker and May Martin were Jacksonville visitors Wednesday.

Mr. and Mrs. Lonnie are contemplating a visit to the city of Jacksonville Friday.

Mrs. Geo. Sooy spent Tuesday afternoon shopping in town.

"It's pretty hard to find anything better than a good promise well kept."

—Mister Squeegie

Men's greatness is measured, not by the things they promise to do, but by what they accomplish.

So it is with all things in this world.

Many men have announced their intention of doing greater things with electricity than Edison has done.

They have not made their promises good, and Edison remains the wizard of science.

The popularity of Diamond Squeegie Tread Tires is due to their merit in giving cheap mileage and fulfilling service requirements with unvarying regularity.

Great promises are made for other tires—promises that in many cases are never fulfilled. More than 99% of all Diamond Squeegie Tread Tires exceed the service that is promised for them.

That comes pretty near giving you absolute certainty.

Equip your car with Diamonds at these

WORLD'S MARKET NEWS

MORE RAPID MOVEMENT OF NEW CROP TURNS WHEAT PRICES HEAVY
July Delivery Shows the Greatest Staback—Corn is Unsettled—Oats Close at a Loss.

Chicago, July 17.—Wheat prices turned heavy today, owing to a more rapid movement of the new crop. The market closed weak at 1/2c to 3/4c net decline.

Corn finished 1/2c off to 3/4c up, oats 1/2c to 3/4c down and provisions varying from 12 1/2c loss to a rise of 2 1/2c.

July delivery of wheat showed the greatest setback as receipts here today were materially enlarged, and the estimate was that arrivals Monday would total 250 carloads or more. In this connection significance was attached to advices from southern Illinois that threshing was being rushed by means of double crews working far into the night.

The trade was further handicapped by efforts to mark an unusual amount of damp wheat that could not readily be disposed of. As a result of the bearing outlook all of an early advance was wiped out and prices sagged the rest of the day except for a slight reaction at the close.

Bullish foreign news and predictions of rainy weather over Sunday were chiefly responsible for an upturn in prices during the first half of the session. Europeans were said to be showing more anxiety as to supplies, and it was said the exportable surplus of India would be smaller than had been expected. Temporarily flood conditions in parts of the Ohio valley and in Kansas and Missouri counted also against the bears. Fine weather to promote rapid growth tended to ease the corn market. What buying there was consisted mainly of profit taking on the part of the shorts.

Oats like wheat felt the effect of augmented offerings from the country. Inquiry from shippers was not especially urgent.

Hog prices at the highest level of the year gave some strength to provisions. Later, however, the weakness of grain acted as a good deal of an offset.

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored
to Health by Lydia E.
Pinkham's Vegetable
Compound.

Lackawanna, N. Y.—"After my first
child was born I felt very miserable and
could not stand on
my feet. My sister-in-law wished me to
try Lydia E. Pinkham's Vegetable
Compound and my nerves became firm,
appetite good, sleep
elastic, and I lost
that weak, tired
feeling. That was
six years ago and I
have had three fine
healthy children since. For female troubles
I always take Lydia E. Pinkham's
Vegetable Compound and it works like
a charm. I do all my own work."—Mrs.
A. F. KREAMER, 1574 Electric Avenue,
Lackawanna, N. Y.

The success of Lydia E. Pinkham's
Vegetable Compound, made from roots
and herbs, is unparalleled. It may be
used with perfect confidence by women
who suffer from displacements, inflammation,
ulceration, tumors, irregularities,
periodic pains, backache, bearing-down
feeling, flatulency, indigestion, dizziness,
or nervous prostration. Lydia E. Pinkham's
Vegetable Compound is the standard
remedy for female ills.

Women who suffer from those distressing
ills peculiar to their sex should be
convinced of the ability of Lydia E. Pinkham's
Vegetable Compound to restore their health by the many genuine
and truthful testimonials we are constantly
publishing in the newspapers.

If you want special advice write to
Lydia E. Pinkham Medicine Co. (confidential)
Lynn, Mass. Your letter will be opened,
read and answered by a woman and held in strict confidence.

AUTOMOBILES

Dan Smith came up yesterday
from Winchester in his Dodge car,
bringing Miss Fite of Jackson, Tenn.,
Miss Hazel Hall of McLeansboro, and
Miss Sibyl Smith of Winchester.

George Detrich and family came
to the city yesterday from Concord
in their Cadillac car.

J. F. Claus took M. E. Gilbert
and Dr. Crouch to Murrayville yesterday
in Mr. Gilbert's new Overland car.

A. W. Jewsbury and family arrived
in the city yesterday from
Markham in their Halliday car.
Mr. and Mrs. Claude Thomas and
daughter came up to the city yesterday
from Winchester in their Overland car.

Charles T. Gaines, wife and family,
arrived in the city yesterday from
Liberberry in their Ford car.
Mr. and Mrs. William G. McCullough
and son Elmer came up to the city yesterday
from Riggston in their Carter car.

Mr. and Mrs. Silas Rentchler of
Concord made a trip to the city yesterday
in their Ford car.

Ed Leach and family came up to
the city yesterday from Scott county
in their Mitchell car.

Abe McCullough, wife and daughter
Irene and son Allen came up from
Riggston yesterday in their
Cadillac car.

Donald Joy made a trip to Beards-
town yesterday in a Buick car.
Gaines Welch and family came
down to the city yesterday from
Petersburg in their Buick car.

J. P. Wilson brought his parents
from Astoria to the city yesterday
in his Overland car.

Mr. and Mrs. Walter Schloeffel
and two children arrived in a Ford
car in the city yesterday from Den-
ver, on their way to Bloomington.
They had been ten days on the way,
but had been obliged to stop several
days of that time owing to rain.
They were in good health and spir-
its and expected to be at their jour-
ney's end last night.

Mr. and Mrs. J. Naunel and chil-
dren of Alva, Okla., reached the
city yesterday in a Dodge car and
had dinner for their objective point.

Mr. and Mrs. Robert Jolisch of
Philadelphia, Pa., came down yesterday
in their Ford car to attend the
Whalen funeral.

Mr. and Mrs. Elmer Radloff and
children arrived in the city yesterday
from Virginia in their Ford car
and attended the Whalen funeral.

James Newell and family, resi-
dents of Virginia, came to the city
yesterday to attend the Whalen fu-
neral, making the trip in their Ap-
plegate car.

Mr. and Mrs. W. T. Henry and
Mrs. Elbert Seymour came up from
Franklin to the city yesterday in
Mr. Seymour's I. H. C. car.

Mr. and Mrs. C. A. Armstrong and
daughter Eunice came to the city
yesterday from Franklin in their
Ford car.

Robert Coates and family made a
trip from Lynnville to the city yester-
day in their Michigan car.

William Taylor came up from
Neelyville yesterday in his Maxwell
car, bringing Mrs. Southwell and
Louise and Mr. and Mrs. J. N. Pe-
ters and son.

Mr. and Mrs. Fred Henderson and
children and Miss Louise Jones of
Ashland came down from Liberberry
yesterday in Mr. Henderson's I. H. C.
car.

Harold Gaines made a trip yester-
day from Liberberry in his
Sphinx car, bringing Zach Nichols
and E. L. Clark and wife.

Benjamin Davenport of Alexander
was a city visitor yesterday, coming
in his Oakland car.

William Thornley of the region of
Arenville rode to the city yester-
day in his Midland car.

COUNTY BOARD OF REVIEW WILL HEAR ASSESSMENT COMPLAINTS

First Monday in August the Final
Date for Filing—Blanks Must Be
Used by Those Who Think Prop-
erty Has Been Valued Too High.

The regular meeting of the board
of review of Morgan county was held
some time since in accordance with
the law, when W. F. Roegge was
chosen chairman and David Wilson
secretary. Persons who desire to
make complaint of unjust assess-
ment must file their complaint with
the board of review on or before the
first Monday in August. Such com-
plaints must be in writing on forms
which can be obtained from the
county clerk and which must be at-
tested by affidavit of the complain-
ant. A separate complaint must be
filed for each lot, tract or parcel of
land. Thus far one complaint has
been filed.

The following are some of the
rules which must be observed in
filing complaints:

Real Estate.
Complaints as to real estate as-
essments shall contain:

First. Name of person to whom
property is assessed.

Second. Description of real es-
tate, which must be given as nearly
as possible as described on assessor's
books.

Third. Postoffice address of com-
plainant.

Fourth. Full and assessed value
of the property as fixed by the as-
sessor.

Fifth. The fair cash value of the
property estimated at the price it
would bring in due course of trade.

Sixth. The reason why the change
is asked.

A. Assessed too high.
B. Assessed too low.
C. Assessed higher than property
of like value.

D. Assessed lower than property
of like value.

E. Exempt from taxation.
F. Error in assessment.

Seventh. Statement of facts with
comparative or actual values, etc.

Personal Property.
Complaints as to personal property
shall contain:

First. Name of person to whom
property is assessed.

Second. Location of property.

Third. Postoffice address of com-
plainant.

Fourth. List and cash value of
all personal property of complainant
in detail.

Fifth. Full and assessed value of
the property as fixed by assessor.

Sixth. Reason why change is
asked set forth fully and in detail.

Other Rules.
All persons appearing before the
board, either as complainants or
witnesses, must be sworn before giving
testimony.

All complaints, when filed, shall
be numbered consecutively, and
when presented to the board, if a
hearing on the complaint cannot be
had at once, a time shall be set for
the hearing and notice shall be
mailed to each complainant of the
time set for the hearing upon his
complaint, which notice shall be
mailed at least five days before the
time set for the hearing.

Complaints may be made as to the
assessment for the whole county or
for any township, as to either real
or personal property, or as to both,
which complaint must state such
facts as will enable the board to
determine whether or not the as-
sessment has been made on the prop-
er basis.

A New Law.
In accordance with the terms of
the new law, the board of review
this year will have some new work.
The measure referred to relates to
the collection of taxes on estate
mortgages. This law provides that
boards of review shall tax all mort-
gages belonging to estates in the
county where the board is organized.
In the past such properties have
come in the range of the tax col-
lector only after the estates have
been settled and divided, and this has
sometimes meant a delay of a num-
ber of years. The language of the
law referred to is as follows:

"If the board shall determine that
the property of any decedent was
omitted from assessment during one
year, or number of years, it shall be
the duty of said board to give writ-
ten notice to the executor, adminis-
trator or trustee of such decedent
of the assessment made against such
property and the amount thereof,
and thereupon it shall be the duty
of such executor, administrator or
trustee to retain in his or their
hands, sufficient of the assets of
such decedent's estate to pay the tax
when extended in such assessments,
and it shall be the duty of the coun-
ty clerk to file in the county or prob-
ate court a copy of such assess-
ments, together with the rate of tax-
ation, and the county or probate
court shall enter an order directing
such executor, administrator or trust-
ee to deposit with the clerk of the
court or to sequester sufficient of
the assets of said estate to pay the
taxes, or to enter into bond in dou-
ble the amount of said tax, and when
so extended, the full amount of such
tax shall be a claim of the first
class against such estate."

WARNING TO BICYCLE RIDERS.
An ordinance of the village of
South Jacksonville provides for a
fine of \$3 for riding bicycles on the
cement sidewalks of that village.
Cement walks in South Jacksonville
are for pedestrians only. A bicycle
is a vehicle and must not be ridden
on the walk. The village board
direct me to arrest all offenders,
which I shall proceed to do, with-
out fear or favor.

J. D. Pike, Officer.

The ground about the pump in
the center of Central park has set-
tled owing to the wet weather and
conditions about the place are not
inviting. The park board have the
matter in hand and the trouble will
be remedied as soon as possible.

Brief News Close to Home

Kills Big Rattler.—Morris Gram-
mer of Barry, Ill., has killed one of
the largest snakes that has ever been
seen in that vicinity. The creature
was over eleven inches in circum-
ference and carried eleven rattles
and a button. Mr. Grammer is going
to have the snake mounted.

Will Use Deep Well.—The Chicago
and Alton has decided to use one of
the deep wells near the round house
at Roodhouse which was put down
some months ago. The well is 661
feet deep and the water comes within
thirty feet of the surface.

Mt. Sterling Grants Franchise.—
After two years agitation the Mt.
Sterling City county has granted a
franchise for 20 years to the Central
Illinois Public Service company,
by a unanimous vote. The council
shortly afterwards accepted a five
year contract on the street lighting.

Prominent Banker Killed.—Wil-
lard Wall, president of the First Na-
tional bank of Murphysboro and
past president of Group ten of the
Illinois bankers' association was killed
recently when thrown from the
rear seat of a motorcycle.

Scott County Hogs.—J. W. Wood,
all of Scott County sent a load of
hogs to the Chicago market, sixty
three in all which averaged 190
pounds and topped the market at
\$8.00, which was five cents higher
than the next best price that day.

Peoria's School Deficit.—Peoria
has an estimated deficit of \$197,000
on the new Central High school
building and an actual deficit of \$72-
108.97. However, the board of school
inspectors voted the grade teachers
an advance in salaries.

Railroad for Calhoun County.—
Prospects are bright for the long
looked for railroad in Calhoun coun-
ty. The road will start from Pearl
and the work of clearing the right of
way has begun at Kampsville. The
Chicago and Alton has issued in-
structions to furnish all of the dirt
and crushed rock for the yards at
Pearl. A big portion of the capital
stock has been subscribed by resi-
dents along the way.

New Baby With Small Pox.—A
baby arrived recently at the home
of Mr. and Mrs. Lew Williams of
Hull and when born was afflicted
with a fully developed case of small
pox. It seems that his mother had
been ill for a month with what was
supposed to be chicken pox.

Had Premonition.—Frank Earl
was killed recently near Abingdon.
The discovery of his body was not
made until late at night. His wife
had a premonition that her husband
would suffer harm and when he did
not return home she told friends of
her dream. They instigated a search
and found his body along the track.

Doctors Start Half Holiday.—Phy-

SELECT ATHLETES TO REPRESENT CENTRAL STATES AT EXPOSITION

Central A. A. U. Committee Makes
Announcement.

Chicago, July 17.—The Central A.
A. U. committee tonight selected the
following men to represent this di-
vision in the National Championship
at the Panama-Pacific Exposition.

Sprints.—H. L. Smith, J. C. Loomis, A. Booth, all of the C. A. A.

Middle distance.—B. Diamond and
L. Campbell, University of Chicago
and Eby, C. A. A.

Distance runs.—Jere Ray, Illinois
A. C.

Hurdles.—Robert Simpson, Univer-
sity of Missouri, J. G. Loomis and
H. Goeltz, C. A. A. and E. Lighter,
I. A. C.

High jump.—Loomis and A.
Richards.

Broad jump.—Sol Butler, Rock Is-
land, Ill., and Dan Ahearn and Rich-
ards, I. A. C.

Hop, step and jump.—Ahearn, I.
A. C., and S. K. Landers, C. A. A.

Pole vault.—P. Graham and Land-
ers, C. A. A. and E. Knorreck, I. A.
C.

Weights.—Lee Tabbutt, Kansas
City A. C., Arlie Mucks, University
of Wisconsin, W. C. Bachman, Notre
Dame, and A. W. Richards, unat-
tached.

Athletes of the central states
showing true form in the
trials for the Panama-Pa-
cific Meet, smashed National and
Central A. A. U. records in a fast
meet on Stagg Field here today,
with the honor of making the trip
to the coast the stake, some of the
keenest competition ever seen in
this section was witnessed. Binga
Diamond the colored runner of the
University of Chicago, set a new
National A. A. U. record of 48 3-5
in the 440 yard dash the old mark
held by Burke of the Boston A. A.
since 1896, being a second closer.

Archie Mucks, the University of Wis-
consin giant, twice broke the discus
record with a heave of 139 feet
8 1-2 inches in winning the event
and 144 feet, 3 inches in an exhibi-
tion later. The old discus mark was
137 feet, 1-2 inch, credited to Mul-
ler of the New York Irish-American
A. C. in 1914.

Joe Ray, of the Illinois A. C.,
set a new mile record of 4:16 2-5,
breaking the old mark of Kivlat of
the Irish-American A. C., 1912 by
two and one-fifth seconds.

Robert Simpson of the Univer-
sity of Missouri won both the 120
yard and 220 yard hurdles in record
time—the first in 15 1-5, a fifth

sicians, to the number of sixteen, pi-
oneers in Lincoln in the summer
half holiday closing plan, have be-
gun the system this season, taking
off Wednesday afternoon and even-
ing.

After Long Absence.—Arrow Par-
cell, aged 26 and father Allen Par-
cell of Kanville met in Aurora re-
cently and threw their arms about
each other's neck and wept tears of
joy. Father and son had not seen
each other for 12 years.

Thieves in Church.—Thieves broke
into the First Methodist church in
Decatur and were in the act of
pounding silver cups in shape to
carry them when discovered. They
broke away with several articles be-
longing to the janitor.

Wires Underground.—The town of
Gillespie has forced all wires under-
ground, which adds to the beauty
of the town and insures superior
services.

Big Onion Patch.—A thirty acre
onion patch is growing near Peoria.
It is expected that 15,000 bushels of
onions will be raised. Forty people
are employed in weeding the patch.

Refuse State Aid.—State and coun-
ty officers of Du Page county have
refused to accept a state aid road,
two and one half miles long, be-
cause it is claimed that the work
was not done according to the spec-
ifications.

Boy Dies of Lockjaw.—William
Barton Mullins, aged 12 died of lock-
jaw at Decatur. Three weeks ago
while at play he ran a nail in his
foot and also scratched one of his
hands at the same time.

Asks \$8,000 Appropriation.—The
civic health committee of Decatur
Medical society have asked the city
council for an appropriation of \$8,-
000 for the health department. This
will be large enough to include pro-
vision for a full time health officer
for the city.

Blew Photo Long Distance.—Mrs.
Waldo Fisher of Alton found a photo
which had been carried from St.
Charles, Mo., a distance of fourteen
miles during the recent cyclone which
passed over that section of the coun-
try.

Members of Moose.—Thirty thou-
sand of the soldiers of the armies of
the allies and the Germans who are
fighting in the European struggle
are members of the Loyal Order of
Moose. The order does not pay the
death benefit of \$100 for a death of
a soldier, who is a member of the
order.

Sells Stock to Newspaper.—An-
nouncement is made that X Caver-
no, holder of the majority interest
in the Kewanee Daily Star Courier
has sold all his stock to Lee H.
Lowe, editor of the paper.

Blindfolded Tire Buyers

This is to point out the
way to the light.

Tires which seem identical are
often most unlike. There are
dozens of standards. The fierce
competition compels many a com-
promise, affecting what you seek.

Features Which Cost Millions

Goodyear Fortified Tires have

five great features found in no other tire. They have others which are rare—hidden features, never missed until the tire meets trouble.

These Goodyear extras, on this year's output, will cost us \$1,635,000. Our 1915 improvements alone will cost us

PHELPS & OSBORNE

A Wonderful Carpet Sweeper for 98c

Here is one of the biggest offers we have made this season, but it is only another demonstration of this store's exceptional value giving.

We place these Sweepers on sale Monday morning, July 19th, at the exceptional low price of 98c. You don't want to miss this sale, never before have you had an opportunity to buy such a high grade Sweeper for so low a price. These Sweepers are worth regularly \$3, but this is a special purchase of 200 Sweepers at a special price, for the sole purpose of holding a big Sweeper Sale which is bound to be the talk of the town for months. They are mighty good Sweepers too, sanitary, handsome in finish and durable; much better than the old wooden kind. See these Sweepers on display in our big front window. You'll surely be anxious to own one.

The sensational low price of 98 cents means that you should be here when the sale starts. Only one sold to a customer.

We will offer in connection with this Sweeper sale the following items of seasonable merchandise, very much under priced:

Hope 36-inch bleached Muslin at yard 7c
Lonsdale and Hill's 36-inch bleached Muslin, yard 8c
Weaveell 36-inch Cambric Muslin, yard 8c
Poppel 9-4 bleached Sheetting 21c
Poppel 9-4 bleached Sheetting 19c
35c lace trimmed Center Pieces for 19c
\$4.00 double Satin Damask Pattern Table Cloths, 72x72 for \$2.75
\$5.00 double Satin Damask Pattern Table Cloths, 72x90 for \$3.75
\$1.00 navy and white 36-inch Foulard Silks, to close 59c
\$1.00 black 36-inch Taffeta Silk 69c
36-inch, all colors, Aledo Silks 25c
40-inch colored Lace Cloths and Voile 15c
25c fancy and Messaline Ribbons, to close at 15c
Ladies' fancy Parasols at Half Price

Special Prices on all Ladies' Ready to Wear Suits, Dresses, Waists and Skirts—while they last.

We are showing the new fall models in Ladies' Cloth Suits. Come and see them.

PHELPS & OSBORNE

\$500,000 yearly. And nearly all for things you never see—things you never miss until the tire falls down.

Yet our late price reduction saves our users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

How to Judge

Judge tires by the maker. Judge them by known features. Each exclusive Goodyear feature combats a major trouble.

Judge, above all, by records. Not by mere good luck or mis-
hap, but by Tiredom's general verdict. In its 16th year the Goodyear tire far outsells any other. It has outlasted for years.

JUDGE THOMPSON MAY GO TO FEDERAL BENCH

IS BEING CONSIDERED FOR APPOINTMENT TO FILL GROSSCUP VACANCY.

Field of Candidates for District Court of Appeals Judgeship Has Narrowed to Jacksonville Man and W. A. Doyle of Chicago—Attorney General Comes From Washington to Confer With Leaders About Appointment.

An article in the Chicago Tribune indicates that either Judge Owen P. Thompson of this city or Master in Chancery William A. Doyle of Chicago will be appointed to the vacancy existing in the United States court of appeals. This vacancy exists because of the resignation some time since of Judge Peter Grosscup. United States Attorney General Gregory of Washington came on to Chicago recently to get the facts upon which the appointment will be settled. It was after a number of men prominent in Democratic affairs had conferred with the attorney general at the Chicago club that the information was given out that the field had been narrowed down to Judge Thompson and Mr. Doyle.

There have been a great many applications and suggestions for this important post, and the Tribune earlier in the week contained a long list of possibilities. The United States court of appeals for this district includes Illinois, Wisconsin and Indiana, and the court hears appeals on federal cases from those three states mostly appeals from U. S. district court. The court also has jurisdiction in various other federal matters.

Judge Thompson yesterday when asked about the Tribune story said that he really knew nothing more than there related. He said that he was told about a month ago that his name had been suggested to the president and was being considered, but that he had not made any application for the post or made any effort to secure the appointment. He said that he considered it an honor to be considered for this important judgeship and that it would be only natural for him to accept if the post should be later offered to him. The salary is no larger than that which Judge Thompson now receives as a member of the Illinois utilities commission, but the appointment would be for life and in a line of work for which Judge Thompson has had more than twenty-five years of judicial training.

Tribune's Story.

The Tribune's statement about the matter is as follows:

"Master in Chancery William A. Doyle of Chicago or Judge O. P. Thompson of Jacksonville, member of the state public utilities commission, will be appointed to the Grosscup vacancy on the United States Court of Appeals, according to gossip late last night following conferences with United States Attorney General Gregory at the Chicago club.

"The attorney general reached Chicago in the afternoon and went at once to the Chicago club, where he received lawyers and candidates for the federal bench vacancy up to a late hour last night.

"His hurried trip here was for the sole purpose, it was announced, of looking over the candidates for the Grosscup vacancy and learning of their equipment from other lawyers.

"One of the lawyers the attorney general summoned to the Chicago club to tell him about the candidates was Samuel A. Schuller, who has just been named president of the new waterway commission by Gov. Dunne.

"S. S. Gregory, former president of the American Bar association and a close friend of Gov. Dunne, also was called in to give information. Mr. Gregory was with the attorney general for a long time. Both Gregory and Schuller gave the attorney general the data he is said to have been in search of.

"The report that William B. McElvaine might be considered for the place was semi-officially denied. Mr. McElvaine is a Republican and a partner of John P. Wilson, who is one of the counsel for the International Harvester company. Mr. McElvaine, it was stated, was not seeking the appointment, although he was one of the honor men at Princeton, is a near relative of President Hilben of Princeton, and is an intimate terms with President Wilson, so much so that he can send telegrams to the president of a personal nature.

"From semi-official sources it was learned that Doyle, one of the Chicago candidates, is the likely candidate in the event of a Chicago man getting the vacancy. He is endorsed by both Senator Lewis and Gov. Dunne and the endorsement is semi-officially stated to be 'on the square.'

"If the appointment goes to a downstate man Judge Thompson will get it. By elevating him to the federal bench it would leave a vacancy on the public utilities commission which could be filled at once by Gov. Dunne. This job pays \$10,000 a year.

"A large number of other Chicago candidates, it was ascertained last night, were eliminated from the field early in the evening.

"Attorney General Gregory, by the way, refused to see any Chicago newspaper men, and the exclusive Chicago club endeavored especially to see that the attorney general's wishes were observed to the letter. But the foregoing is an 'inside' narrative of some of the things that transpired in the exclusive club."

GRAIN MEN HAD BANQUET AT COLONIAL INN SATURDAY

Local Residents Guests of Norris Grain Company—Speakers Talked of Crop Conditions and the Value of Co-operative Work Among Farmers.

A complimentary banquet was given at Colonial Inn Saturday night by the Norris Grain company of Chicago to the managers of the farmers' elevators in this district. The occasion was a sort of get-together affair and should be productive of great good, as it will serve to bring about a better understanding between the buyers and the sellers of grain. Owing to the fact that so many farmers are busy at the present time taking advantage of the good weather to thresh, there was not as large a company as was expected. However, those who were present voiced their appreciation of the spirit shown by Norris & Co. and all the speakers looked upon the future of co-operative elevators as bright indeed. Norris & Co. were represented by F. W. Hotchkiss and Howard Lipsey, who have charge of the domestic department of the firm.

The banquet hall was appropriately decorated for the occasion. Sheaves of wheat and oats were placed about the room, while the center piece on the large table was composed of wheat and oats and flowers. An excellent menu was served in faultless style.

Pillars of Prosperity.

After cigars had been passed William G. Goebel acted as toastmaster. Mr. Goebel was happy in his remarks in introducing the various speakers. The first speaker was Hugh B. Green. Mr. Green said that while he was not a farmer he had been raised on a farm but it was the first time he had ever addressed a gathering of farmers. The speaker said that while he did not know much about co-operative elevators that he had watched co-operative, or mutual insurance companies which were based on the same lines and he found that they were more beneficial to policy holders than were the others, because they were conducted on an economic basis.

Mr. Green's definition of an average man was one whose possessed what he termed the eight pillars of prosperity, namely, energy, economy, integrity, system, sympathy, impartiality and self reliance. He reviewed the history of the organization of farmers' elevators and predicted for them a bright and prosperous future.

F. W. Hotchkiss was next introduced. Mr. Hotchkiss expressed his pleasure at being present for he said they liked to meet their customers personally. He brought reports from Mr. Norris who had been expected but who was prevented from coming through business matters.

Thomas Cain was then called upon. Mr. Cain said that farmers were not orators like Mr. Green and therefore did not make good after dinner speakers. He said that when they had a boy on the farm who was no good for farming they sent him away to school and made a lawyer out of him. Mr. Cain laid much stress on the business ability of the farmer and thought they would compare to business ability with any other class of men. He said that the most difficult job in the world was the management of an elevator where one had to tell his neighbors and friends that their grain did not grade up to a certain quality. He said that this was something that the men in the big commission offices did not have to contend with as they had men hired for that purpose and never met the man who owned the grain face to face.

The toastmaster then introduced Howard Lipsey of Norris & Co. Mr. Lipsey confined himself to a general talk on crop conditions. He told his hearers that corn looked much better in Ohio a month ago than that he had seen on his journey to Jacksonville. He said his firm were on the bull side of the market in corn buying and selling and naturally took a great interest in crop conditions.

A. C. Rice was the last speaker. He told of the experience of the farmers a few years ago. At that time there was not a friendly feeling between the farmers and the commission men. When the farmers' elevators were first organized they shipped grain to Chicago and it stood on the tracks without buyers. Now the commission men recognized the farmers' elevators as substantial business organizations and were glad to do business with them. The speaker said that it had been his experience from observation that a farmer makes his money by economy, and that it was necessary to work early and late to succeed.

For a good many years farmers had felt that they were not getting their just share of profit for the sale of their grain. This knowledge had finally led to co-operation and now the profit that formerly went to the middle man went to the farmer. Mr. Rice said that the co-operation of farmers' elevators companies had been uniformly successful. The only time that any had failed was when the managers had departed from the foundation of business principles on which the business was founded and engaged in speculation. He then outlined the good that co-operation had done for the farmer in the disposal of his grain. The expense of farming had increased greatly in the last decade owing to increased value of land and the increased cost of farm labor. This made it necessary to cut off every possible expense and get the best possible prices. In closing the speaker expressed the appreciation of the farmers in the kindness of Norris and company for the excellent banquet given. H. C. Goebel also spoke of the Norris & Company spirit.

At the conclusion of the speaking the party assembled in the west parlor of the Inn where some time was spent in singing old time songs.

SUBSCRIBERS CHAUTAUQUA TICKETS NOW READY FOR DISTRIBUTION

More Than Fifty Numbers on
Standard Program Will Cost
Total of One Dollar—Demand for
Tickets Will Be Great.

Subscribers' one-dollar season
tickets are now ready and may be
had of A. C. Rice, secretary, at The
Farmers State Bank and Trust Co.
Subscribers are requested to call
for their tickets.

The only one-dollar season tickets
that will be issued are those sub-
scribed for. All other season tick-
ets will be two dollars. Those who
want the one-dollar season tickets
and who have not subscribed—for
them must obtain them from some
subscriber and had best purchase
before the supply is exhausted.

The chautauqua will be bigger
and better than ever before. The
great all-star program has more
than fifty numbers including W. J.
Bryan, Senator Kenyon of Iowa,
Congressman Murray of Oklahoma,
Dr. Spurgeon of London, Former
Speaker Chas. Adkins, Dr. W. E.
Taylor, Adrian the Burbank man,
Father M. D. Collins, President
Walker of the Illinois Federation of
Labor, Anthony Flala, fellow of the
Roosevelt South American expedi-
tion, Peter MacQueen, famous war
correspondent just from the battle
fields of Europe, a number of illus-
trated lectures, several fine musical
organization and our own famous
Jeffries' Band for seven days, and
a special farm program of twenty
or more numbers by men of wide
reputation. And there is the Old
Settlers' Picnic, the Soldiers' Re-
union, the big Good Roads day, the
Childs Conference and Baby Show,
the State Board of Health exhibit
and many other god things for ten
cents a day.

Admission tickets at the gate will
be twenty-five cents each day ex-
cept for the W. J. Bryan lecture,
which will be fifty cents.

One season ticket admits you to
all these great attractions. Figure
what they will cost you and buy
your tickets now.

CHRISTIAN ENDEAVORS ARE COUNTING THINGS BY MILLIONS

Delegates Return From International
Convention — Big Scope of
Work Planned for Coming Years.

The delegates to the 27th Inter-
national Christian Endeavor con-
vention at Chicago have returned
home and report a grand and en-
thusiastic gathering. Unfortunately
illness kept Father Clark away but
his place was ably filled by Daniel
E. Poling of Ohio and he was elected
president's associate. The music
was fine, a choir of 1500 voices led
by the Salvation Army orchestra
while an antiphonal choir of 300
voices was also excellent. A mes-
sage from President Wilson was re-
ceived and the body replied with a
greeting of no uncertain sound.

The sentiment, "A saloonless na-
tion by 1920" was indorsed and a
new one, "A saloonless world by
1930" was also adopted.

A sympathetic message was sent
Father Clark, and he responded:
"I appeal to you Endeavorers, as
millionaires, to mobilize, vitalize,
evangelize the millions. You are
not millionaires in money; but you
are in numbers, in opportunities,
and in the strength which Christ,
your great leader, provides. Think
in millions; work for millions;
achieve millions. I would not take
your breath away. I am speaking
words of truth and solemnity. Here
is what I ask you to achieve, in the
name of the Master, and trusting in
Him for strength, during the next
two years:

"A Million New Converts.
"A Million New Endeavorers.
"A Million New Church Members.
"A Million New Dollars for
Missions.
"A Million New Members of
the Peace Union.
"Ten Thousand New Societies of
Christian Endeavor
"Twenty Thousand New Com-
rades of the Quiet Hour.
"Ten Thousand New Legionaries.
"Ten Thousand New Christian
Endeavor Experts.
"Five Thousand New Life-Work
Recruits.

ATTENTION.
25 SWELL NEW WHITE CHIN-
CHILLA SPORT COATS JUST RE-
CEIVED AND PLACED ON SALE
AT \$8.95, \$9.95 and \$12.95, AT
HERMAN'S.

HAVE BEEN CAMPING.
Rev. C. S. McCollom and J. H.
Dial have returned to their home in
Murrayville from Lake Mantanzas,
where they have been fishing, and
report a good time. Richard Moody
and family and C. A. Boruff and
family of this city, who have been
to the same camp, expect to return
tomorrow.

BRICK ROAD WAS BUILT IN MONOLITHIC WAY AT PARIS, ILL.

Paving Blocks Were Laid Directly
on Green Concrete Base, Thereby
Eliminating Necessity for Sand
Cushion.

The July number of the Engineer-
ing Record contains an interesting
account of brick road built at Paris,
Ill., and so constructed as to be a
simple monolith which means one
stone. The writer of the account
says the sand cushion generally used
between the foundation and the
paving blocks has serious objections
and he determined to try a road
without it, putting the paving blocks
on a green mortar base.

The roadway was excavated (the
width was not stated) to the proper
grade and the subgrade was thor-
oughly compacted by rolling with a
self propelling five ton roller. Steel
forms especially designed for the
purpose and 8 inches deep and of
convenient length were put in place.
The concrete was four inches in
depth and the brick four more, mak-
ing a pavement 8 inches thick. The
concrete was prepared one part cement
and six parts gravel and sand
mixed in a batch mixer and spread
over the subgrade a little more than
four inches deep by a light wooden
teplate resting on the forms.

A steel template consisting of an
I beam and channel iron placed two
feet apart supported by rollers car-
rying the template, the form was
drawn over the concrete base, the I
beam cutting the concrete to grade.
In between the two members was
kept a mixture of dry sand and cement
in proportion of one to five and
was mixed dry and deposited in front
of the rear member thus covering the
concrete base with a film of dry
sand and cement, filling all irregu-
larities and leaving a dry mixture
3-16 inch thick which took up the
moisture.

The brick then were placed on the
base and at no time were the con-
crete men more than 25 feet ahead
of the brick layers. A hand roller
weighing 600 pounds was then rolled
over the newly laid brick leaving a
perfect surface. Wire-cut-lug
brick were used leaving perfect sepa-
rations for the filler which was one
part sand and one cement mixed and
spread with a scoop shovel. The sur-
face was smoother with squeeze and
the affair was regarded as a complete
success.

G. A. R. ATTENTION.
Members of Matt Starr Post are
requested to meet at the post room
at 1:30 this afternoon to attend the
funeral of our late comrade, Joseph
J. Vieira.
Benj. Wood, Commander.
C. E. McDougall, Adj.

Make Farming Profitable, with
special reference to Dairying, Silos and
Alfalfa.

HARMON'S JULY CLEARANCE
SALE started in with A RECORD
DAY. No re-arrangement of stocks
was possible Saturday and the store
will NOT OPEN UNTIL 9 MONDAY
MORNING.

GOOD FELLOWSHIP CLUB MEETING

Walter H. DeShara, associated
press operator for the Journal, will
go to Peoria this morning to attend
the meeting of the Good Fellowship
club of the Associated Press, which
will meet at the Jefferson hotel.
This club is composed of the Asso-
ciated Press operators and telegraph
editors of the papers taking the As-
sociated Press in Illinois and Iowa.
Mr. DeShara has been president of
the club for the past year and the
annual election of officers will be
held at this meeting. The newspaper
boys of Peoria have made elaborate
preparations to entertain the visi-
tors. W. Kee Maxwell, editor of the
Peoria Journal, is in charge of the
entertainment. The meeting will
close with a banquet at the Jefferson
this afternoon.

If you want a perfectly finished
collar try the Grand Laundry.

BOYS' BRIGADE MEETS.

A meeting of the Boys' Brigade
was held at the home of Frank
Danneberger at Orleans Friday eve-
ning with a full attendance of mem-
bers. At the business meeting Irvin
Welbourn was chosen president and
treasurer and Hiram Drury captain.
A social time followed. The brigade
is made up of a number of boys re-
siding in and near Orleans and ten-
nis and croquet are their prin-
ciple sports.

S. P. P. H.

Members of the S. P. P. H. are re-
quested to meet at the hall Sunday
at 1:30 sharp to attend the funeral
of Brother Joseph J. Vieira.
Henry Marks, Sec'y.

Big Bargains in Stylish Straws
and Prime Panamas at FRANK
BYRNS Hat Store.

RETURN TO MONTANA.

Mrs. John L. Waddell and little
son, John Jr., have returned to their
home in Hardin, Montana, after a
visit here since the first of April
at the home of her parents, Mr. and
Mrs. S. O. Shuff, on West North
street. While here Mrs. Waddell was
operated on for appendicitis and now
has satisfactorily recovered. Mr.
Waddell was at her bedside for two
weeks at the time of the operation.

There is a treat in store for you
if you visit Krollenberg's popular
ice cream parlor.
